

**STAR WARS**  
EPISODE V  
**THE EMPIRE STRIKES BACK**

Written by

Lawrence Kasdan and Leigh Brackett

From a story by George Lucas

1 EXT. GALAXY - PLANET HOTH 1

A Star Destroyer moves through space, releasing Imperial probe robots from its underside.

One of these probes zooms toward the planet Hoth and lands on its ice-covered surface. An explosion marks the point of impact.

2 EXT. HOTH - METEORITE CRATER - SNOW PLAIN - DAY 2

A weird mechanical sound rises above the whining of the wind. A strange probe robot, with several extended sensors, emerges from the smoke-shrouded crater. The ominous mechanical probe floats across the snow plain and disappears into the distance.

3 EXT. PLAIN OF HOTH - DAY 3

A small figure gallops across the windswept ice slope. The bundled rider is mounted on a large gray snow lizard, a Tauntaun. Curving plumes of snow rise from beneath the speeding paws of the two-legged beast.

The rider gallops up a slope and reins his lizard to a stop. Pulling off his protective goggles, Luke Skywalker notices something in the sky. He takes a pair of electrobinoculars from his utility belt and through them sees smoke rising from where the probe robot has crashed.

The wind whips at Luke's fur-lined cap and he activates a comlink transmitter. His Tauntaun shifts and moans nervously beneath him.

LUKE  
(into comlink)  
Echo Three to Echo Seven. Han, old  
buddy, do you read me?

After a little static a familiar voice is heard.

HAN  
(over comlink)  
Loud and clear, kid. What's up?

LUKE  
(into comlink)  
Well, I finished my circle. I  
don't pick up any life readings.

HAN

(over comlink)

There isn't enough life on this ice cube to fill a space cruiser. The sensors are placed, I'm going back.

LUKE

(into comlink)

Right. I'll see you shortly. There's a meteorite that hit the ground near here. I want to check it out. It won't take long.

Luke clicks off his transmitter and reins back on his nervous lizard. He pats the beast on the head to calm it.

LUKE (CONT'D)

Hey, steady girl. What's the matter? You smell something?

Luke takes a small device from his belt and starts to adjust it when suddenly a large shadow falls over him from behind. He hears a monstrous howl and turns to see an eleven-foot-tall shape towering over him. It is a Wampa Ice Creature, lunging at him ferociously.

LUKE (CONT'D)

Aaargh!

Luke grabs for his pistol, but is hit flat in the face by a huge white claw. He falls unconscious into the snow and in a moment the terrified screams of the Tauntaun are cut short by the horrible snap of a neck being broken.

The Wampa Ice Creature grabs Luke by one ankle and drags him away across the frozen plain.

4 EXT. HOTH - REBEL BASE ENTRANCE - DAY 4

A stalwart figure rides his Tauntaun up to the entrance of an enormous ice cave.

5 INT. HOTH - REBEL BASE - MAIN HANGAR DECK 5

Rebel troopers rush about unloading supplies and otherwise securing their new base. The rider, Han Solo, swings off his lizard and pulls off his goggles.

He walks into the main hangar deck toward the Millennium Falcon, which is parked among several fighters. Mechanics, R2 units, and various other droids hurry about. Han stops at the Millennium Falcon where his Wookiee copilot, Chewbacca, is welding on a central lifter.

Chewie stops his work and lifts his face shield, growling an irritated greeting to his boss.

HAN

Chewie!

The Wookiee grumbles a reply.

HAN (CONT'D)

All right, don't lose your temper.  
I'll come right back and give you a hand.

Chewbacca puts his mask back on and returns to his welding as Han leaves.

6

INT. HOTH - REBEL BASE - COMMAND CENTER

6

A makeshift command center has been set up in a blasted area of thick ice. The low-ceilinged room is a beehive of activity. Controllers, troops, and droids move about setting up electronic equipment and monitoring radar signals.

General Rieekan straightens up from a console at Han's approach.

RIEEKAN

Solo?

HAN

No sign of life out there, General.  
The sensors are in place. You'll know if anything comes around.

RIEEKAN

Commander Skywalker reported in yet?

HAN

No. He's checking out a meteorite that hit near him.

RIEEKAN

(indicates radar screen)  
With all the meteor activity in this system, it's going to be difficult to spot approaching ships.

Taking a deep breath, Han blurts out what is on his mind.

HAN

General, I've got to leave. I can't stay anymore.

Princess Leia, standing at a console nearby, is dressed in a short white combat jacket and pants. Her hair is braided across her head in a Nordic fashion. She overhears their conversation and seems somewhat distressed.

RIEEKAN

I'm sorry to hear that.

HAN

Well, there's a price on my head.  
If I don't pay off Jabba the Hut,  
I'm a dead man.

RIEEKAN

A death mark's not an easy thing to  
live with. You're a good fighter,  
Solo. I hate to lose you.

HAN

Thank you, General.

He turns to Leia as Rieekan moves away.

HAN (CONT'D)

(with feeling)

Well, Your Highness, I guess this  
is it.

LEIA

That's right.

Leia is angry. Han sees she has no warmth to offer him. He shakes his head and adopts a sarcastic tone.

HAN

(cooly)

Well, don't get all mushy on me. So  
long, Princess.

Han walks away into the quiet corridor adjoining the command center. Leia stews a moment, then hurries after him.

7

INT. HOTH - REBEL BASE - ICE CORRIDOR

7

LEIA

Han!

Han stops in the corridor and turns to face Leia.

HAN

Yes, Your Highnessness?

LEIA

I thought you decided to stay.

HAN

Well, the bounty hunter we ran into on Ord Mantell changed my mind.

LEIA

Han, we need you!

HAN

We?

LEIA

Yes.

HAN

Oh, what about you need?

LEIA

(mystified)

I need? I don't know what you're talking about.

HAN

(shakes his head, fed up)

You probably don't.

LEIA

And what precisely am I supposed to know?

HAN

Come on! You want me to stay because of the way you feel about me.

LEIA

Yes. You're a great help to us. You're a natural leader...

HAN

No! That's not it. Come on. Aahhh - uh huh! Come on.

Leia stares at him, understanding, then laughs.

LEIA

You're imagining things.

HAN

Am I? Then why are you following me? Afraid I was going to leave without giving you a goodbye kiss?

LEIA

I'd just as soon kiss a Wookiee.

HAN  
I can arrange that. You could use  
a good kiss!

Angrily, Han strides down the corridor as Leia stares after him.

8 INT. HOTH - REBEL BASE - ANOTHER ICE CORRIDOR 8

A familiar stream of beeps and whistles herald the approach of Artoo- Detoo and See-Threepio, who appear around a corner and move along an ice wall toward the main hangar.

THREEPIO  
Don't try to blame me. I didn't  
ask you to turn on the thermal  
heater. I merely commented that it  
was freezing in the princess'  
chamber. But it's supposed to be  
freezing. How are we going to dry  
out all her clothes? I really  
don't know.

Artoo beeps a stream of protesting whistles.

THREEPIO (CONT'D)  
Oh, switch off.

9 INT. HOTH - REBEL BASE - MAIN HANGAR DECK 9

The two robots stop at Han Solo's space freighter. Han and Chewie are struggling with their central lifters.

HAN  
(to Chewie)  
Why do you take this apart now? I'm  
trying to get us out of here and  
you pull both of these.

Chewie grumbles in irritation.

THREEPIO  
Excuse me, sir.

HAN  
(to Chewie)  
Put them back together right now.

THREEPIO  
Might I have a word with you,  
please?

HAN  
What do you want?

THREEPIO

Well, it's Princess Leia, sir.  
She's been trying to get you on the  
communicator.

HAN

I turned it off. I don't want to  
talk to her.

THREEPIO

Oh. Well, Princess Leia is  
wondering about Master Luke. He  
hasn't come back yet. She doesn't  
know where he is.

HAN

I don't know where he is.

THREEPIO

Nobody knows where he is.

HAN

What do you mean, "nobody knows"?

Han glances at the fading light at the entrance of the ice  
cave as night slowly begins to fall on the planet.

THREEPIO

Well, uh, you see...

Han jumps down off the lift, as Threepio follows him.

HAN

Deck Officer. Deck Officer!

THREEPIO

Excuse me, sir. Might I inqu...

Han abruptly puts his hand over Threepio's mouth as the deck  
officer approaches.

DECK OFFICER

Yes, sir?

HAN

Do you know where Commander  
Skywalker is?

DECK OFFICER

I haven't seen him. It's possible  
he came in through the south  
entrance.

HAN  
It's possible? Why don't you go  
find out? It's getting dark out  
there.

DECK OFFICER  
Yes, sir.

The deck officer leaves hurriedly, as Han takes his hand off  
Threepio's mouth.

THREEPIO  
Excuse me, sir. Might I inquire  
what's going on?

HAN  
Why not?

THREEPIO  
Impossible man. Come along, Artoo,  
let's find Princess Leia. Between  
ourselves, I think Master Luke is  
in considerable danger.

10

INT. HOTH - REBEL BASE - MAIN ICE TUNNEL

10

The deck officer and his assistant hurry toward Han as he  
enters the tunnel.

DECK OFFICER  
Sir, Commander Skywalker hasn't  
come in through the south entrance.  
He might have forgotten to check  
in.

HAN  
Not likely. Are the speeders  
ready?

DECK OFFICER  
Not yet. We're having some trouble  
adapting them to the cold.

HAN  
Then we'll have to go out on  
Tauntauns.

DECK OFFICER  
Sir, the temperature's dropping too  
rapidly.

HAN  
That's right. And my friends out  
in it.

ASSISTANT OFFICER  
I'll cover sector twelve. Have com-  
control set screen alpha.

Han pushes through the troops and mounts a Tauntaun.

DECK OFFICER  
Your Tauntaun'll freeze before you  
reach the first marker.

HAN  
Then I'll see you in hell!

Han maneuvers his mount out of the cave and races into the dark bitter night.

11 EXT. HOTH - ICE GORGE - DUSK 11

The jagged face of a huge ice wall sits gloomily in the dim twilight of a Hoth day. Luke hangs upside down, ankles frozen into icy stalactites, his extended arms within a foot of the snow floor. One side of his face is covered in a dried mask of frozen blood. He opens his eyes as a chilling moan of the hideous ice creature echoes off the gorge walls. Luke pulls himself up, grabs hold of his ankles, and futilely tries to unfasten the throngs.

Exhausted, he drops back into his hanging position. As he hangs there, he spies his lightsaber lying near a pile of his discarded gear, about three feet out of reach.

He focuses on the saber and, as his hand strains toward the weapon, he squeezes his eyes tight in concentration.

Just as the ice creature looms over Luke, the lightsaber jumps into Luke's hand.

The young warrior instantly ignites his sword, swinging up, and cuts himself loose from the ice. He flops to the snow in a heap. The startled creature moves back, his giant yellow eyes blinking. Luke scrambles to his feet. He swings his lightsaber and the beast screams in pain.

12 EXT. HOTH - ENTRANCE TO ICE GORGE - DUSK 12

Luke staggers out of the gorge into the dark and snowy twilight. Weak and exhausted, he stumbles down a snow bank.

13 EXT. HOTH - SNOW PLAIN - DUSK 13

A small, lone figure riding a Tauntaun races through the hostile vastness of snow and cold. As it runs, the Tauntaun's legs kick up large clouds of snow and ice into the snowy air.

14 EXT. HOTH - OUTSIDE ICE HANGAR - DUSK 14

Artoo stands in the falling snow, beeping worriedly. Threepio moves stiffly over to him.

THREEPIO

You must come along now, Artoo.  
There's really nothing more we can  
do. And my joints are freezing up.

Artoo beeps, long and low.

THREEPIO (CONT'D)

Don't say thing like that! Of  
course we'll see Master Luke again.  
He'll be quite all right, you'll  
see.

(to himself)

Stupid little short-circuit. He'll  
be quite all right.

Threepio turns to go back inside the main hangar as Artoo mournfully keeps his vigil.

15 EXT. HOTH - SNOW DRIFT - DUSK 15

The wind is blowing quite strong now. Luke struggles to stay upright, but a blast of freezing snow knocks him over. He struggles to get up, but he can't. The young warrior from Tatooine drags himself a couple of feet and then collapses.

16 INT. REBEL BASE - MAIN HANGAR DECK - ENTRANCE - NIGHT 16

Princess Leia stands inside the dark entrance to the Rebel base, waiting for a sign of the two Rebel heroes. She shivers in the cold wind as, nearby, Chewie sits with his head in his hands. In the background, Artoo and Threepio move through the doors.

A Rebel lieutenant moves to Major Derlin, an officer keeping watch with the princess.

LIEUTENANT

Sir, all the patrols are in.  
There's still no contact from  
Skywalker or Solo.

THREEPIO

Mistress Leia, Artoo says he's been  
quite unable to pick up any  
signals, although he does admit  
that his own range is far too weak  
to abandon all hope.

Leia nods an acknowledgment, but she is lost in thought.

DERLIN

Your Highness, there's nothing more we can do tonight. The shield doors must be closed.

He turns to the lieutenant.

DERLIN (CONT'D)

Close the doors.

LIEUTENANT

Yes, sir.

The lieutenant walks away. Chewie lets out a long, mournful howl, somewhat like a coyote. At the same moment, Artoo begins a complex series of efficient beeps.

THREEPIO

Artoo says the chances of survival are seven hundred seventy-five... to one.

Leia stands praying to herself as the huge metal doors slam across the entrance of the ice cave. The loud booms echo throughout the huge cavern. Chewie lets out another suffering howl.

THREEPIO (CONT'D)

Actually, Artoo has been known to make mistakes... from time to time. Oh, dear, oh, dear. Don't worry about Master Luke. I'm sure he'll be all right. He's quite clever, you know... for a human being.

17

EXT. HOTH - SNOW DRIFT - DUSK

17

Luke lies face down in the snow, nearly unconscious. Slowly he looks up and sees Ben Kenobi, barely visible through the blowing snow. It is hard to tell if Kenobi is real or a hallucination.

BEN

Luke... Luke.

LUKE

(weakly)

Ben?

BEN

You will go to the Dagobah system.

LUKE  
Dagobah system?

BEN  
There you will learn from Yoda, the  
Jedi Master who instructed me.

The image of Ben fades, revealing a lone Tauntaun rider  
approaching from the windswept horizon.

LUKE  
(groaning faintly)  
Ben... Ben.

Luke drops into unconsciousness.

Han pulls up and leaps off his mount. He hurries to his  
snow-covered friend, cradling him in his arms. Han's  
Tauntaun lets out a low, pitiful bellow. But Han's concern  
is with Luke, and he shakes him urgently.

HAN  
Luke! Luke! Don't do this, Luke.  
Come on, give me a sign here.

Luke doesn't respond. Han begins frantically rubbing and  
slapping Luke's unconscious face. As he starts to lift the  
youth, Han hears a rasping sound behind him. He turns, just  
in time to see his Tauntaun stagger and then fall over into  
the snow.

Han carries Luke to the moaning beast. Then, with a final  
groan, the Tauntaun expires.

HAN (CONT'D)  
Not much time.

He pushes Luke's inert form against the belly of the dead  
beast.

LUKE  
(moaning)  
Ben... Ben...

HAN  
Hang on, kid.

LUKE  
Dagobah system...

Han ignites Luke's saber and cuts the beast from head to  
toe. He quickly tosses its steaming innards into the snow,  
then lifts Luke's inert form and stuffs him inside the  
carcass.

HAN  
 (reeling from the odor)  
 Whew...

LUKE  
 Dagobah...

HAN  
 This may smell bad, kid...

LUKE  
 (moaning)  
 Yoda...

HAN  
 ...but it will keep you warm... til  
 I get the shelter built.  
 (struggling to get Luke  
 inside the carcass)  
 Ooh... I thought they smelled bad  
 on the outside!

The wind has picked up considerably, making it difficult to move. Han removes a pack from the dead creature's back, taking out a shelter container. He begins to set up what can only be a pitiful protection against a bitter Hoth night.

18 EXT. HOTH - SNOWDRIFT - DAWN 18

Four snub-nosed armored snowspeeders race across the white landscape.

19 INT. SNOWSPEEDER COCKPIT 19

There is only one pilot, Zev, in the enclosed two-man craft. He concentrates on the scopes which ring his cockpit. He hears a low beep from one of his monitors.

ZEV  
 (into transmitter)  
 Echo Base... I've got something!  
 Not much, but it could be a life  
 form.

20 EXT. HOTH - SNOWDRIFT 20

The small craft banks and makes a slow arc, then races off in a new direction.

21 INT. SNOWSPEEDER - COCKPIT 21

The pilot switches over to a new transmitter.

ZEV  
 (into transmitter)  
 This is Rogue Two. this is Rogue  
 Two. Captain Solo, so you copy?  
 Commander Skywalker, do you copy?  
 This is Rogue Two.

There is a sharp crackle of static, then a faint voice.

HAN  
 (filtered over Zev's  
 receiver)  
 Good morning. Nice of you guys to  
 drop by.

ZEV  
 (switching transmitters)  
 Echo Base... this is Rogue Two. I  
 found them. Repeat, I found them.

22 EXT. HOTH - SNOWDRIFT - DAY 22

The small shelter Han set up is covered with snow on the windward side. A makeshift antenna rests gingerly on top the snowdrift. Han spots Zev's snowspeeder approaching in the distance, and begins waving his arms frantically at the tiny craft.

23 INT. REBEL BASE - MEDICAL CENTER 23

Strange robot surgeons adjust a mass of electronic equipment. A switch is thrown and a sudden blinding flash obscures Luke in a bacta tank filled with a thick, gelatinous slime. He begins to thrash about, raving in delirium.

24 INT. REBEL BASE - MEDICAL CENTER - RECOVERY ROOM 24

Luke sits up in a recovery-room bed, weak but smiling. His face shows terrible wounds from the Wampa's attack. Threepio and Artoo enter the room.

THREEPIO  
 Master Luke, sir, it's so good to  
 see you fully functional again.

Artoo beeps his good wishes.

THREEPIO (CONT'D)  
 Artoo expresses his relief, also.

Han and Chewie make their entrance. The Wookiee growls a greeting.

HAN

How are you feeling, kid? You don't look so bad to me. In fact, you look strong enough to pull the ears off a Gundark.

LUKE

Thanks to you.

HAN

That's two you owe me, junior.

Han turns as Leia enters the room. He looks at her with a big, devilish grin.

HAN (CONT'D)

Well your Worship, looks like you managed to keep me around for a little while longer.

LEIA

(haughtily)

I had nothing to do with it. General Rieekan thinks it's dangerous for any ships to leave the system until we've activated the energy shield.

HAN

That's a good story. I think you just can't bear to let a gorgeous guy like me out of your sight.

LEIA

I don't know where you get your delusions, laser brain.

Chewie is amused; he laughs in his manner. Han, enjoying himself, regards Chewie good-humoredly.

HAN

Laugh it up, fuzzball. But you didn't see us alone in the south passage.

Luke sparks to this; he looks at Leia.

HAN (CONT'D)

She expressed her true feelings for me.

Leia is flushed, eyes darting between Luke and Han.

LEIA

My...! Why, you stuck up,... half-witted... scruffy-looking ...nerf-herder!

HAN

Who's scruffy-looking?

(to Luke)

I must have hit pretty close to the mark to get her all riled up like that, huh, kid?

Leia looks vulnerable for a moment, then the mask falls again, and she focuses on Luke.

LEIA

Why, I guess you don't know everything about women yet?

With that she leans over and kisses Luke on the lips. Then she turns on her heel and walks out, leaving everyone in the room slightly dumbstruck. With some smugness, Luke puts his hands behind his head and grins.

Suddenly, in the distance, the muffled sound of an alarm is heard.

ANNOUNCER

(over loudspeaker)

Headquarters personnel, report to command center.

The voice repeats the order and Han, Chewie, Artoo, and Threepio hurry out of the room, bidding farewell to Luke.

HAN

Take it easy.

THREEPIO

Excuse us, please.

25

INT. HOTH - REBEL BASE - COMMAND CENTER

25

Rieekan looks up grimly from a console screen. He calls over to Leia and Han.

RIEEKAN

Princess... we have a visitor.

The group hurries over to Rieekan.

RIEEKAN (CONT'D)

We've picked up something outside the base in zone twelve, moving east.

SENIOR CONTROLLER

It's metal.

LEIA

Then it couldn't be one of those creatures that attacked Luke.

HAN

It could be a speeder, one of ours.

SENIOR CONTROLLER

No. Wait - there's something very weak coming through.

Threepio steps up to the control panel and listens intently to the strange signal.

THREEPIO

Sir, I am fluent in six million forms of communication. This signal is not used by the Alliance. It could be an Imperial code.

The transmission ends in static.

HAN

It isn't friendly, whatever it is. Come on, Chewie, let's check it out.

RIEEKAN

Send Rogues Ten and Eleven to station three-eight.

26

EXT. HOTH - SNOW PLAIN - DAY

26

The dark probe robot moves past the smoldering ruins of station three-eight and down a ridge toward the Rebel base. It raises a large antenna from the top of its head and begins to send out a piercing signal.

The probe droid has spotted Chewbacca who, not thirty feet away, has popped his head over a snow bank. Instantly, the probe robot swings around, its deadly ray ready to fire. But before it can get a shot off, it is hit from behind by a laser bolt, and explodes in a million pieces.

Han Solo replaces his blaster in its holster and peers intently at the smoldering remains of the Imperial probe.

27 INT. HOTH - REBEL BASE - COMMAND CENTER

27

Leia and Rieekan listen to Han on the comlink.

HAN  
(over comlink)  
Afraid there's not much left.

LEIA  
(into comlink)  
What was it?

HAN  
(over comlink)  
Droid of some kind. I didn't hit  
it that hard. It must have had a  
self-destruct.

LEIA  
(into comlink)  
An Imperial probe droid.

HAN  
(over comlink)  
It's a good bet the Empire knows  
we're here.

RIEEKAN  
We'd better start the evacuation.

28 EXT. SPACE - IMPERIAL FLEET

28

Darth Vader's Star Destroyer, larger and more awesome than the five Imperial Star Destroyers that surround it, sits in the vastness of space. The six huge ships are surrounded by a convoy of smaller spacecraft. TIE fighters dart to and fro.

29 INT. DARTH VADER'S STAR DESTROYER - BRIDGE - MAIN CONTROL DECK

Controllers working the vast complex of electronic controls hear ominous approaching footsteps and look up from their controls. The squat, evil-looking Admiral Ozzel and the young, powerfully built General Veers, who have been conferring near the front, also feel the approaching presence and turn toward it. Darth Vader, Lord of the Sith, enters like a chill wind. As Vader moves across the wide bridge, Captain Piett hurries up to Ozzel.

PIETT  
Admiral.

OZZEL  
Yes, Captain

PIETT  
I think we've got something, sir.  
The report is only a fragment from  
a probe droid in the Hoth system,  
but it's the best lead we've had.

OZZEL  
(irritated)  
We have thousands of probe droids  
searching the galaxy. I want  
proof, not leads!

PIETT  
The visuals indicate life readings.

OZZEL  
It could mean anything. If we  
followed every lead...

PIETT  
But, sir, the Hoth system is  
supposed to be devoid of human  
forms.

Vader moves to a large screen showing an image of the Rebel  
snow base. Rebel speeders can be seen approaching the base  
in the distance.

VADER  
You found something?

PIETT  
Yes, my lord.

VADER  
(studying the image on  
the console screen)  
That's it. The Rebels are there.

OZZEL  
My lord, there are so many  
uncharted settlements. It could be  
smugglers, it could be...

VADER  
That is the system. And I'm sure  
Skywalker is with them. Set your  
course for the Hoth system.  
General Veers, prepare you men.

30 INT. HOTH - REBEL BASE - TRANSPORT BAY

30

A captain issues instructions to two of his men at the entrance to the main transport bay. Several Rebel transports behind them are being loaded by men carrying heavy boxes and moving quickly, but not in panic.

REBEL CAPTAIN

Groups seven and ten will stay behind to fly the speeders. As soon as each transport is loaded, evacuation control will give clearance for immediate launch.

REBEL FIGHTER

Right, sir.

31 INT. HOTH - REBEL BASE - MAIN HANGAR DECK

31

Alarms sound. Troops, ground crews, and droids rush to their alert stations. Armored snowspeeders are lined up in attack formation near the main entrance.

In the midst of all this activity, Han does some frantic welding on the lifters of the Millennium Falcon.

Han finishes his work and hops down to the hangar floor. He pulls out his comlink, all the while eyeing problematic lifters.

HAN

(into comlink, to Chewie)

Okay, that's it. Try it... Off!  
Turn it off! Turn it off! Off!

Smoke rises from a minor explosion on the lifter. Exasperated, Han surveys the new damage.

32 INT. REBEL BASE - MEDICAL CENTER

32

Luke dresses in readiness for the evacuation as his attending medical droid stands by.

MEDICAL DROID

Sir, it will take quite a while to evacuate the T-forty-sevens.

LUKE

Well, forget the heavy equipment. There's plenty of time to get the smaller modules on the transports.

MEDICAL DROID

Take care, sir.

LUKE

Thanks.

33 INT. REBEL BASE - MAIN HANGAR DECK

33

Pilots, gunners, and R2 units scurry about. Luke, pulling on his heavy-weather jacket, is headed toward a row of armored speeders. He stops at the rear of the Millennium Falcon, where Han and Chewie are trying to repair the right lifter with even more haste than before.

LUKE

Chewie, take care of yourself,  
okay?

As Luke pats Chewie on the arm, Chewie puts his arms around Luke and gives him a tight hug. Han is discussing the lifter with a repair droid when he sees Luke.

HAN

Hi, kid.  
(to droid)  
There's got to be a reason for it.  
Check it at the other end. Wait a  
second.  
(to Luke)  
You all right?

LUKE

Yeah.

HAN

Be careful.

LUKE

You, too.

Luke smiles, then waves at his friend and walks on. After a few steps, he stops and looks back. Han glances up and the two exchange a silent communication, each wishing the other safety, happiness - many things, all difficult to verbalize.

34 INT. REBEL BASE - CONTROL ROOM.

34

Alarms sound throughout the hidden Rebel base. In the control room, a controller urgently gestures for General Rieekan to check a computer scan.

CONTROLLER

General, there's a fleet of Star  
Destroyers coming out of hyperspace  
in sector four.

RIEEKAN

Reroute all power to the energy shield. We've got to hold them till all transports are away. Prepare for ground assault.

Rieekan exits hurriedly.

35 INT. VADER'S STAR DESTROYER - VADER'S CHAMBER - MEDITATION CUBICLE

The dark cubicle is illuminated by a single shaft of light which falls on the brooding Dark Lord as he sits on a raised meditation cube. General Veers enters the room and approaches the silent, unmoving Vader. Although seemingly very sure of himself, Veers is still not bold enough to interrupt the meditating lord. The younger general stands quietly at attention until the evil presence speaks.

VADER

What is it, General?

VEERS

My lord, the fleet has moves out of light-speed. Com-Scan has detected an energy field protecting an area around the sixth planet of the Hoth system. The field is strong enough to deflect any bombardment.

VADER

(angrily)

The Rebels are alerted to our presence. Admiral Ozzel came out of light-speed too close to the system.

VEERS

He felt surprise was wiser...

VADER

He is as clumsy as he is stupid. General, prepare your troops for a surface attack.

VEERS

Yes, my lord.

Veers turns smartly and leaves as Vader activates a large viewscreen showing the bridge of his mighty ship. Admiral Ozzel appears on the viewscreen, standing slightly in front of Captain Piett.

OZZEL

Lord Vader, the fleet has moved out of light-speed, and we're preparing to... Aaagh!

VADER

You have failed me for the last time, Admiral. Captain Piett.

Piett steps forward, as the admiral moves away, slightly confused, touching his throat as it begins to constrict painfully.

PIETT

Yes, my lord.

VADER

Make ready to land out troops beyond the energy shield and deploy the fleet so that nothing gets off that system. You are in command now, Admiral Piett.

PIETT

Thank you, Lord Vader.

Piett's pleasure about his unexpected promotion is not an unmixed emotion. He glances warily at the struggling Admiral Ozzel who, with a final choke, stumbles and falls in a lifeless heap before him.

INT. REBEL BASE - MAIN HANGAR DECK

36

With a sense of urgency, Leia quickly briefs a group of pilots gathered in the center of the hangar.

LEIA

All troop carriers will assemble at the north entrance. The heavy transport ships will leave as soon as they're loaded. Only two fighter escorts per ship. The energy shield can only be opened for a short time, so you'll have to stay very close to your transports.

HOBBIE

Two fighters against a Star Destroyer?

LEIA

The ion cannon will fire several shots to make sure that any enemy ships will be out of your flight path. When you've gotten past the energy shield, proceed directly to the rendezvous point. Understood?

PILOTS

(in unison)

Right. Okay.

LEIA

Good luck.

DERLIN

Okay. Everyone to your stations. Let's go!

The pilots hurry away.

37 EXT. HOTH - ICE PLAIN - SNOW TRENCH - DAY 37

Rebel troops carry heavy bazooka-type weapons and position them along the snow trench. Men hurriedly respond to their officers' yelled orders and brace themselves against the rhythmic gusts of bitter-cold wind.

Other troops load power packs into a gun turret and swing its guns into position.

38 EXT. HOTH - ICE PLAIN - POWER GENERATORS 38

Near the base power generators, troops rush to set up their heavy battle equipment. Buzzing loudly, the generators send along, sparking fingers of energy into the bitter Hoth wind.

39 INT. REBEL BASE - COMMAND CENTER 39

The long line of Rebel controllers is tense, as are Princess Leia and General Rieekan, who are trying very hard not to show any fear.

RIEIKAN

Their primary target will be the power generators. Prepare to open the shield.

40 EXT. ICE PLAIN 40

The Rebel transport and two escort fighters begin their departure from the ice planet.

41 EXT. SPACE - IMPERIAL STAR DESTROYER 41

A huge Imperial Star Destroyer rest against a sea of stars, far above the white surface of the planet Hoth.

42 INT. IMPERIAL STAR DESTROYER - BRIDGE 42

An Imperial controller approaches his commander.

CONTROLLER

Sir, Rebel ships are coming into our sector.

CAPTAIN

Good. Our first catch of the day.

43 INT. REBEL BASE - COMMAND CENTER 43

WOMAN CONTROLLER

Stand by, ion control... Fire!

44 EXT. REBEL BASE ICE CAVE - ION CANNON 44

The giant ball-shaped ion cannon rotates into position and blasts two red energy beams skyward.

45 EXT. SPACE - HOTH - REBEL TRANSPORT 45

The Rebel transport and its escort race away from the white planet, closely followed by the two red energy beams.

As the Rebel transport races toward the waiting Imperial Star Destroyer, it is overtaken by the two scarlet energy bolts. The Imperial Star Destroyer is hit in the conning tower by the powerful bolts, which set up fiery explosions on its metal hull.

The big Star Destroyer veers, then spins wildly out of control. As the Imperial ship careers into deep space, the Rebel transport races away to safety.

46 INT. REBEL BASE - MAIN HANGAR DECK 46

Pilots, gunners, and troopers hurry to their stations and their vehicles.

ANNOUNCER

(over loudspeaker)

The first transport is away.

Everyone cheers at the announcement, which echoes through the hangar. Luke turns and walks on, heading toward his snowspeeder. His gunner, Dack, a fresh-faced, eager kid, is glad to see him. They climb in.

DACK  
Feeling all right, sir?

LUKE  
Just like new, Dack. How about  
you?

DACK  
Right now I feel like I could take  
on the whole Empire myself.

LUKE  
(quietly, strapping in)  
I know what you mean.

47 EXT. HOTH - ICE PLAIN 47

A thin horizon line cuts across the bleak landscape. Small dot-size objects begin to appear on the horizon, moving in the direction of the Rebel base.

48 EXT. HOTH - ICE PLAIN - SNOW TRENCH 48

A Rebel officer lifts a pair of electrobinoculars to his eyes. Through the lens he sees a very close view of a giant Imperial snow walker. He adjusts the view which then zooms back to reveal three more of the ominous battle machines. Small flashes of yellow fire billow from the guns of the lumbering snow walkers.

The officer lowers his binoculars as the regular rhythmic pounding begins to make the ground vibrate. The pounding grows louder and is accompanied by a high-pitched, metallic rattling. The officer speaks into his comlink.

TRENCH OFFICER  
Echo Station Three-T-Eight.

49 INT. REBEL BASE - CORRIDOR 49

Pilots and gunners race to their waiting snowspeeders. Ice and snow begin falling from the walls of the corridor, shaken by the pounding Imperial snow walker as they draw ever nearer.

TRENCH OFFICER  
(over comlink)  
We have spotted Imperial walkers!

CONTROLLER  
Imperial walkers on the north  
ridge.

50 EXT. HOTH - ICE PLAIN - SNOW TRENCH 50

The Rebel troops aim their weapons at the horizon as explosions erupt all around them. They are nervous and their grip on their weapons tightens from the cold and from fear.

Behind the troops a dozen snowspeeders race through the sky.

51 INT. LUKE'S SNOWSPEEDER, ROGUE LEADER - COCKPIT 51

LUKE  
(into comlink)  
Echo station Five-Seven. We're on  
our way.

52 EXT. HOTH - ICE PLAIN - BATTLEFIELD 52

The fleet of snowspeeders races above the ice field at full throttle. They accelerate away from the base and head toward the distant walkers.

53 INT. LUKE'S SNOWSPEEDER, ROGUE LEADER - COCKPIT 53

LUKE  
(into comlink)  
All right, boys, keep tight now.

DACK  
Luke, I have no approach vector.  
I'm not set.

LUKE  
Steady, Dack. Attack pattern  
delta. Go now!

54 EXT. HOTH - ICE PLAIN - BATTLEFIELD 54

The cannons mounted on the walker head fire at the speeders. Other walkers loom in the background. Two speeders race away past two of the enormous walkers and bank to the right.

55 INT. LUKE'S SNOWSPEEDER, ROGUE LEADER - COCKPIT 55

LUKE  
All right, I'm coming in.

He turns his speeder and heads directly at one of the walkers, flying toward its towering legs. The horizon twists as the speeder banks between the legs.

LUKE (CONT'D)  
(into comlink)  
Hobbie, you still with me?

56 EXT. HOTH - ICE PLAIN - BATTLEFIELD 56

Two speeders race directly at the head of a walker, then split and fly past it.

Three other walkers march onward, firing all cannons.

57 EXT. HOTH - ICE PLAIN - SNOWTRENCH 57

Rebel troops fire on the approaching walkers, as the snow and ice explode all around them.

58 EXT. HOTH - ICE PLAIN - BATTLEFIELD 58

A speeder banks through and away from the legs of a walker. Two other speeders pass the first speeder from the opposite direction. Other Rebel craft race just above the icy plain.

A giant walker head swivels and fires, striking a snowspeeder and sending it crashing in a ball of flames.

59 INT. IMPERIAL SNOW WALKER - COCKPIT 59

General Veers and two walker pilots keep a careful eye on the racing Rebel snowspeeders as they maneuver their lumbering war machine forward.

Luke's speeder banks in from the side of Veers's walker and heads straight for its viewport, blasting away. An explosion hits the walker window, but dissipates, doing no harm. The speeder roars up and over the impregnable war machine.

60 INT. LUKE'S SNOWSPEEDER, ROGUE LEADER - COCKPIT 60

Luke looks back at the walker as it grows smaller in the distance.

LUKE

That armor's too strong for blasters.

On the horizon, another walker moves up past Luke's cockpit window, twisting out of sight as Luke banks and starts another run.

LUKE (CONT'D)

(into comlink)

Rogue Group, use your harpoons and tow cables. Go for the legs. It might be our only chance of stopping them.

(to Dack)

All right, stand by, Dack.

Dack is at the gunner's controls.

DACK

Luke, we've got a malfunction in fire control. I'll have to cut in the auxiliary.

LUKE

Just hang on. Hang on, Dack. Get ready to fire that tow cable.

Barely keeping his seat in the tumbling ship, Dack struggles to set up his harpoon gun.

Luke swings his speeder around and heads toward an oncoming walker. Laser bolts and flak fill the air, creating a deadly obstacle course for the tiny craft.

61 EXT. HOTH - ICE PLAIN - BATTLEFIELD 61

Rogue Leader and another snowspeeder fly in tight formation toward the walker as explosions burst all around them.

62 INT. LUKE'S SNOWSPEEDER, ROGUE LEADER - COCKPIT 62

After sustaining a heavy volley of fire, Luke turns around to see if Dack is all right.

LUKE

Dack? Dack!

Dack is lost. Blood streams down his forehead, which rests on his smoldering controls. Out the back window, an Imperial walker recedes in the distance.

63 EXT. HOTH - ICE PLAIN - SNOW TRENCH AREA 63

Rebel troops fire the dishlike ray gun while explosions erupt around them.

64 EXT. HOTH - ICE PLAIN - BATTLEFIELD 64

Two walkers lumber toward the Rebel base as a speeder between them explodes in a ball of flames.

65 EXT. HOTH - ICE PLAIN - SNOW TRENCH 65

The dislike ray gun is hit by a laser bolt and instantly explodes.

66 INT. IMPERIAL SNOW WALKER - COCKPIT 66

Through the cockpit window, Veers and his pilot can see the Rebel power generators in the distance.

A hologram of Darth Vader appears on a control panel screen.

VEERS

Yes, Lord Vader. I've reached the main power generator. The shield will be down in moments. You may start your landing.

67 INT. LUKE'S SNOWSPEEDER, ROGUE LEADER - COCKPIT 67

70 EXT. HOTH - BATTLEFIELD 70

Wedge's speeder races through the legs of one of the monstrous walkers.

71 INT. WEDGE'S SNOWSPEEDER, ROGUE THREE - COCKPIT 71

WEDGE

(to gunner)  
Activate harpoon.

Wedge's gunner reaches for a firing switch to activate the harpoon. The harpoon flashes out, and speeds toward the receding legs of the walker.

- 72 EXT. HOTH - BATTLEFIELD 72  
The harpoon hurtles toward the walker, In an instant it is embedded in one of the walker's legs.
- 73 INT. WEDGE'S SNOWSPEEDER, ROGUE THREE - COCKPIT 73  
WEDGE  
(to gunner)  
Good shot, Janson.
- 74 EXT. HOTH - BATTLEFIELD 74  
The speeder Rogue Three races around one of the giant walker's feet, trailing the cable behind it. Continuing around the back foot, Rogue Three then circles the walker around the tail end.
- 75 INT. WEDGE'S SNOWSPEEDER, ROGUE THREE - COCKPIT 75  
Wedge checks his controls and banks around the front of the walker.  
WEDGE  
One more pass.  
JANSON  
Coming around. Once more.
- 76 EXT. HOTH - BATTLEFIELD 76  
The speeder sweeps left to right in front of the giant legs, towing the cable behind it.
- 77 INT. WEDGE'S SNOWSPEEDER, ROGUE THREE - COCKPIT 77  
JANSON  
Once more.  
Wedge swings the speeder between the legs of the giant walker.  
JANSON (CONT'D)  
Cable out! Let her go!  
WEDGE  
Detach cable.
- 78 EXT. WEDGE'S SNOWSPEEDER, ROGUE THREE 78  
The cable release on the back of the speeder snaps loose and the cable drops away.

79 INT. WEDGE'S SNOWSPEEDER, ROGUE THREE - COCKPIT 79

JANSON  
Cable detached.

80 EXT. HOTH - BATTLEFIELD 80

The speeder zooms away into the distance. The tangled legs of the enormous war machine attempt a step, but as they do the giant Imperial walker begins to topple. It teeters for a moment, and then crashes onto the icy ground, sending snow and metal pieces flying.

81 EXT. HOTH - ICE PLAIN - SNOW TRENCH 81

The troops in the trenches cheer at the sight of the crashing walker.

An officer gives a signal to his men and Rebel troops charge the fallen war machine.

TRENCH OFFICER  
Come on!

The troops run toward the downed walker, followed by two Rebel speeders flying overhead. Just as they reach the walker, it explodes, the impact throwing some of the men onto the frozen ground.

82 INT. WEDGE'S SNOWSPEEDER, ROGUE THREE - COCKPIT 82

Wedge lets out a triumphant yell, banking his speeder away from the fallen walker.

WEDGE  
(into comlink)  
Whooha! That got him!

83 INT. LUKE'S SNOWSPEEDER, ROGUE LEADER - COCKPIT 83

LUKE  
(into comlink)  
I see it, Wedge. Good work.

84 INT. REBEL BASE - COMMAND CENTER 84

Large chunks of ice tumble into the command center as Leia and General Rieekan monitor computer screens.

RIEEKAN  
I don't think we can protect two transports at a time.

LEIA  
It's risky, but we can't hold out  
much longer. We have no choice.

RIEEKAN  
(into comlink)  
Launch patrols.

LEIA  
(to an aide)  
Evacuate remaining ground staff.

85 INT. REBEL BASE - MAIN HANGAR

85

Muffled distant explosions create widening cracks in the ice roof of the hangar. Trying to ignore the noise and falling bits of snow, Han works on one of the Falcon's lifters while Chewie works on one of the wings. Noticing Chewie attach a wrong part, Han grows impatient.

HAN  
No, no! No! This one goes there,  
that one goes there. Right?

In another area of the hangar, Threepio watches as Artoo is raised up into Luke's X-wing fighter.

THREEPIO  
Artoo, you take good care of Master  
Luke now, understand? And ... do  
take good care of yourself. Oh,  
dear, oh, dear.

86 EXT. HOTH - BATTLEFIELD

86

The fierce battle on the vast snow plains of Hoth rages on. The Imperial walkers continue their slow, steady assault on the Rebel base, firing lasers as they lumber ever onward. In the snow trench, Rebel troops fire large bazookalike guns and dishlike ray guns as explosions erupt around them. A gun tower is hit by a laser bolt and instantly explodes. Another blast destroys a ray gun.

87 INT. IMPERIAL SNOW WALKER - COCKPIT

87

General Veers studies various readouts on his control panel.

VEERS  
All troops will debark for ground  
assault. Prepare to target the  
main generator.

88 EXT. HOTH - BATTLEFIELD 88

Luke's speeder and Rogue Two fly in formation, banking from right to left and flying above the erupting battlefield. Flak bursts all around them.

89 INT. LUKE'S SNOWSPEEDER, ROGUE LEADER - COCKPIT 89

Luke, glancing over, sees Rogue Two on his left. His ship shudders as flak bursts nearby.

LUKE  
(into comlink)  
Rogue Two, are you all right?

90 INT. ZEV'S SNOWSPEEDER, ROGUE TWO - COCKPIT 90

ZEV  
(into comlink)

93 INT. ZEV'S SNOWSPEEDER, ROGUE TWO - COCKPIT 93

ZEV  
(into comlink)  
Coming around.

94 INT. LUKE'S SNOWSPEEDER, ROGUE LEADER - COCKPIT 94

LUKE  
(into comlink)  
Watch that cross fire, boys.

95 INT. ZEV'S SNOWSPEEDER, ROGUE TWO - COCKPIT 95

ZEV  
(into comlink)  
Set for position three.  
(to gunner)  
Steady.

LUKE  
 (over comlink)  
 Stay tight and low.

96 EXT. ZEV'S SNOWSPEEDER, ROGUE TWO 96

Luke's speeder moves in formation with Rogue Two, when suddenly Zev's speeder is hit by a laser bolt. His ship bucks violently under the impact and the cockpit explodes in a ball of flame.

Spewing smoke, the speeder hurtles toward a looming walker. Before they collide. Rogue Two explodes in a million flaming pieces.

97 INT. LUKE'S SNOWSPEEDER, ROGUE LEADER - COCKPIT 97

Desperately, Luke works the controls of his flak-buffed ship. Suddenly, the speeder is rocked by a huge explosion. Luke struggles with the controls with a look of terror on his face. The speeder fills with smoke, and electrical sparks jump about the cockpit.

LUKE  
 (into comlink)  
 Hobbie, I've been hit!

98 INT. REBEL BASE - COMMAND CENTER 98

Apart from the distant thunder of laser blasts, the corridor is strangely quiet and empty. Running footsteps echo through the freezing hallway, then Han appears. Cracks have appeared in some of the walls and some pipes have broken, sending hot steam billowing into the underground hallways. Han hurries into the command center. It is a shambles, but some people are still at their posts. As he enters, a gigantic cave-in almost obliterates the room. He finds Leia and Threepio near one of the control boards.

HAN  
 You all right?

Leia nods. She is surprised to see him.

LEIA  
 Why are you still here?

HAN  
 I heard the command center had been hit.

LEIA  
 You got your clearance to leave.

HAN

Don't worry. I'll leave. First  
I'm going to get you to your ship.

THREEPIO

Your Highness, we must take this  
last transport. It's our only  
hope.

LEIA

(to controller)

Send all troops in sector twelve to  
the south slope to protect the  
fighters.

A blast rocks the command center, throwing Threepio backward  
into Han's arms.

ANNOUNCER

(over loudspeaker)

Imperial troops have entered the  
base.

HAN

Come on... that's it.

LEIA

(to head controller)

Give the evacuation code signal.  
And get to your transports!

Leia looks exhausted. Han grabs her and starts to lead her  
out.

As Han, Leia, and Threepio run out of the command center,  
the code signal can be heard echoing off the corridor walls.

HEAD CONTROLLER

K-one-zero... all troops disengage.

THREEPIO

(to Han and Leia)

Oh! Wait for me!

99

EXT. BATTLEFIELD - SNOW TRENCH

99

Rebel troops retreat under the awesome Imperial onslaught.

OFFICER

Begin retreat!

SECOND OFFICER

Fall back!

Troops flee from the battle, the ground exploding around them.

100 EXT. HOTH - BATTLEFIELD 100

Three of the giant walkers, firing lasers, advance toward the Rebel headquarters.

101 EXT. HOTH - SNOW TRENCH 101

Continuing their retreat, the Rebels see the walkers looming ever nearer.

102 EXT. HOTH - BATTLEFIELD - ICE PLAIN 102

On the battlefield, Luke watches as a walker foot rises and moves over him. He looks up at the underbelly of the huge walker, passing overhead.

Running beneath the monstrous machine, Luke fires his harpoon gun at the walker's underside. A thin cable follows the projectile from the gun. The magnetic head and cable attach firmly to the metal hull.

Still running under the walker, Luke attaches the cable drum to his belt buckle. Soon he is pulled up the cable and hangs dangling underneath the walker.

The walker's giant feet continue to pound onward across the frozen snow. Stray laser bolts whistle by Luke as he climbs up the cable to the walker's hull, reaching a small hatch. Hanging precariously, Luke cuts the solid metal hatch with his laser sword.

He takes a landmine from around his neck and throws it inside the Imperial machine. Quickly, Luke starts down the cable and crashes onto the icy ground far below. He lies unconscious as a giant rear leg passes by - and just misses him.

The giant walker stops in mid-step. A muffled explosion comes from within - and then the walker's mechanical insides are spewed out every conceivable opening. The machine sits dead in its tracks, smoking like a locomotive on stilts.

103 EXT. HOTH - BATTLEFIELD 103

Veers's walker continues to advance toward the Rebel base. The smoldering walker that Luke exploded stands smoking just to the right of Veers's path.

104 INT. IMPERIAL SNOW WALKER - COCKPIT 104

Inside his walker, General Veers prepares to fire on the Rebel power generators.

VEERS

Distance to power generators?

PILOT

One-seven, decimal two-eight.

Veers reaches for the electrorangefinder and lines up the main generator.

VEERS

Target. Maximum fire power.

105 EXT. HOTH - BATTLEFIELD 105

The Rebel troops continue their desperate retreat, pushed back by the relentless Imperial assault.

106 INT. HOTH - REBEL BASE - ICE CORRIDORS 106

With Threepio lagging behind, Han and Leia race through the crumbling ice corridors. Suddenly, there is an explosion. Han turns, grabs the princess, and pulls her to the wall as a tremendous cave-in blacks their path.

He takes the comlink from his pocket.

HAN

(into comlink)

Transport, this is Solo. Better take off - I can't get to you. I'll get the princess out on the Falcon.

Han and Leia turn and race down the corridor.

THREEPIO

But... but... but... where are you going? Uh... come back!!

107 INT. HOTH - REBEL BASE - COMMAND CENTER 107

Imperial troops have reached the base. As they push through the blocked passageway, Darth Vader strides behind them.

108 INT. HOTH - REBEL BASE - ICE CORRIDOR 108

Han and Leia run toward the entrance of the main hangar where the Millennium Falcon is docked. Threepio still lags behind.

THREEPIO  
Wait! Wait for me! Wait! Stop!

The door to the hangar closes in his face.

THREEPIO (CONT'D)  
(exasperated)  
How typical.

Quickly, the door reopens as Han reaches out and pulls the golden droid through.

HAN  
Come on.

109 INT. HOTH - REBEL BASE - MAIN HANGAR 109

Chewie paces under the shelter of the Millennium Falcon's landing gear. The giant Wookiee pats the underbelly of his beloved ship and barks a few reassuring words. As he searches worriedly for his captain, something at last catches his eye.

Chewie lets out a relieved shriek at seeing Han and Leia running toward the ship. The Wookiee runs out into the falling ice, lets out a howl, then runs up the ship's ramp. Han and Leia run up the ramp after him, closely followed by Threepio.

HAN  
Hurry up, goldenrod, or you're going to be a permanent resident!

THREEPIO  
Wait! Wait!

110 INT. HOTH - REBEL BASE - ICE CORRIDOR 110

Imperial troops run through the base corridors. Vader surveys the place. A huge chunk falls, almost hitting him, but he calmly, purposefully, continues around it.

111 INT. REBEL BASE - MAIN HANGER - MILLENNIUM FALCON 111

A distant, huge, explosion rocks the hangar deck. Ice cakes come crashing down on the Millennium Falcon.

112 INT. MAIN HANGAR - MILLENNIUM FALCON - MAIN HOLD 112

Han, standing before a control panel, is busy flipping switches as Chewie watches a troublesome gauge. A worried Leia observes their efforts.

HAN  
 (to Chewie)  
 How's this?

The Wookiee barks a negative reply.

LEIA  
 Would it helped if I got out and  
 pushed?

HAN  
 It might.

Threepio clanks into the hold.

THREEPIO  
 Captain Solo, Captain Solo... sir,  
 might I suggest that you...

Han gives the gold robot a devastating look.

THREEPIO (CONT'D)  
 It can wait.

113 INT. MAIN HANGAR - MILLENNIUM FALCON - COCKPIT 113

They move to the cockpit where Han flips some more switches.  
 Leia watches him, impatient, disbelieving.

LEIA  
 This bucket of bolts is never going  
 to get us past that blockade.

HAN  
 This baby's got a few surprises  
 left in her, sweetheart.

Han and Leia look out the cockpit window and see a squad of  
 stormtroopers rushing into the far side of the hangar.

Quickly, Han straps himself into the pilot's seat and Leia  
 into the navigator's chair.

114 INT. HOTH - REBEL BASE - MAIN HANGAR 114

Stormtroopers hurriedly set up a large bazookalike weapon.  
 Behind them the giant hangar doors open slowly.

115 EXT. MAIN HANGAR - MILLENNIUM FALCON 115

A laser gun appears on the Falcon and swings around to aim  
 at the Imperial troops.

The stormtroopers, preparing to fire their bazooka cannon, are hit by the Falcon's fire and are thrown about in all directions.

116 INT. MAIN HANGAR - MILLENNIUM FALCON - COCKPIT 116

Chewie rushes into the cockpit.

HAN

Come on! Come on! Switch over.  
Let's hope we don't have a burnout.

A laser hits the window near Chewie as he is settling into his chair. Letting out a loud whelp, Chewie quickly pulls back on the controls and the first stage of engine fire can be heard. Han flashes a big grin at Leia.

HAN (CONT'D)

See?

LEIA

Someday you're going to be wrong,  
and I hope I'm there to see it.

Han looks at Chewie.

HAN

Punch it!

The roar of the Falcon's main engines blasts out everything as the ice-cave wall rushes by outside the cockpit window.

117 INT. REBEL BASE - MAIN HANGAR 117

More stormtroopers run into the hangar, closely followed by Vader. Hearing the loud roar of the Millennium Falcon's engines, Vader looks toward the main hangar doors just in time to see the Falcon lift up and disappear outside the cave.

118 EXT. HOTH - ICE SLOPE - DAY 118

Luke and two other pilots look up as the Millennium Falcon races above them, flying very close to the ground.

The three pilots turn then, and trudge onward toward their X-wing fighters, each going to his own ship. Luke waves farewell, then heads toward his own fighter.

Artoo, seated on his cubbyhole, chirps an excited greeting as Luke climbs aboard the spacecraft.

LUKE

Artoo! Get her ready for takeoff.

From his ship, Luke sees Wedge in his own X-wing, preparing for takeoff.

WEDGE

Good luck, Luke. See you at the rendezvous.

Luke smiles and nods at Wedge, then lowers himself into the cockpit of his X-wing while Artoo waits in the cubbyhole, beeping impatiently.

LUKE

Don't worry, Artoo. We're going, we're going.

The canopy over the X-wing lowers and snaps shut.

119 EXT. SPACE - LUKE'S X-WING 119

Luke's fighter, its wings closed, speeds away from the icy planet. Soon it disappears into the stars.

120 INT. LUKE'S X-WING - COCKPIT 120

Luke, looking thoughtful, suddenly makes a decision. He flips several switches. The stars shift as he takes his fighter into a steep turn. The X-wing banks sharply and flies away in a new direction.

The monitor screen on Luke's control panel prints out a question from the concerned Artoo.

LUKE

(into comlink)

There's nothing wrong, Artoo. I'm just setting a new course.

Artoo beeps once again.

LUKE (CONT'D)

(into comlink)

We're not going to regroup with the others.

Artoo begins a protest, whistling an unbelieving, "What?!"

Luke reads Artoo's exclamation on his control panel.

LUKE (CONT'D)

(into comlink)

We're going to the Dagobah system.

Luke checks his readouts and makes a few adjustments. He rides along with only the soft hum of the instruments to break the silence. Finally, Artoo chirps up.

LUKE (CONT'D)  
 (into comlink)  
 Yes, Artoo?

Artoo utters a soft, carefully phrased stream of whistles.

LUKE (CONT'D)  
 (into comlink, chuckling)  
 That's all right. I'd like to keep  
 it on manual control for a while.

The little droid lets out a defeated whimper. Luke smiles, and continues on his course.

121 EXT. SPACE - MILLENNIUM FALCON 121

The Millennium Falcon speeds away from Hoth, closely followed by one huge Star Destroyer and four tiny TIE fighters.

As it is pursued, the Falcon races toward two very bright star-sized objects.

122 INT. MILLENNIUM FALCON - COCKPIT 122

Inside the cockpit, Chewie lets out a loud howl. Han checks as the ship is buffeted by exploding flak. He appears to be doing six things at once.

HAN  
 (harried)  
 I saw them! I saw them!

LEIA  
 Saw what?

HAN  
 Star Destroyers, two of them,  
 coming right at us.

Threepio bumps and bangs his way into the cockpit.

THREEPIO  
 Sir, sir! Might I suggest...

HAN  
 (to Leia)  
 Shut him up or shut him down!  
 (to Chewie)  
 Check the deflector shield!

Chewie barks a reply as he readjusts an overhead switch.

HAN (CONT'D)

Oh, great. Well, we can still  
outmaneuver them.

123 EXT. SPACE - MILLENNIUM FALCON - STAR DESTROYERS 123

The Millennium Falcon races toward one of the huge oncoming Star Destroyers. Suddenly, the Falcon starts into a deep dive straight down, closely followed by four TIE fighters. The underside of the Star Destroyer continues on a collision course with two oncoming Star Destroyers. Slowly, it starts to veer to the left.

124 INT. STAR DESTROYER - BRIDGE 124

Out the front window, the two approaching Star Destroyers can be seen veering to the left.

IMPERIAL OFFICER

Take evasive action!

Alarms sound all over the huge ship. The two other Star Destroyers get closer, one of them moving over the bridge so close that it makes brushing contact with it.

125 EXT. SPACE - MILLENNIUM FALCON - TIE FIGHTERS 125

The Millennium Falcon races away from the colliding Star Destroyers, still followed by four TIE fighters. Laser bolts spark the pitch-black skies.

126 INT. MILLENNIUM FALCON - COCKPIT 126

Things have calmed down a bit, but the race isn't over yet. Chewie barks at Han. Leia is still trying to recover from the steep dive. The ship is buffeted by laser blasts.

HAN

Prepare to make the jump to light-speed.

THREEPIO

But, sir!

The buffeting of lasers becomes louder and stronger.

LEIA

They're getting closer!

HAN

(with a gleam in his eye)  
Oh yeah? Watch this.

Expectantly, they look out the cockpit window as stars do not go into hyperspace, but just sit there.

Han and Chewie look at each other and are thrown into an acute state of concern.

LEIA

Watch what?

Han tries again. Still nothing.

HAN

I think we're in trouble.

THREEPIO

If I may say so, sir, I noticed earlier that the hyperdrive motivator has been damaged. It's impossible to go to light-speed!

HAN

We're in trouble!

The explosions become heavier.

127 EXT. SPACE - MILLENNIUM FALCON - TIE FIGHTERS - STAR DESTROYER 127

The Falcon races into the starry vastness, followed by the four Imperial TIE fighters and an Imperial Star Destroyer.

128 INT. MILLENNIUM FALCON - COCKPIT 128

Stars race by as flak bursts outside the Falcon's window.

129 INT. MILLENNIUM FALCON - HOLD 129

Han works furiously at some control panels while giving various orders to Chewie.

HAN

Horizontal boosters...!

(Chewie barks)

Alluvial dampers...! Well that's not it.

(Chewie barks)

Bring me the hydrospanners!

Chewie hurries over to the pit and places the tools on the edge.

HAN (CONT'D)

I don't know how we're going to get out of this one.

Suddenly, a loud thump hits the side of the Falcon, causing it to lurch radically. Chewie barks. The tools fall into the pit on top of Han.

HAN (CONT'D)  
Oww! Chewie!

More turbulence rocks the ship.

HAN (CONT'D)  
That was no laser blast! Something hit us.

LEIA  
(over comlink)  
Han, get up here!

HAN  
Come on, Chewie!

Han climbs out of the hold like a shot. Both he and Chewie run out of the hold and toward the cockpit.

130

INT. MILLENNIUM FALCON - COCKPIT

130

Out the front cockpit window, they see hundreds of asteroids racing by.

LEIA  
Asteroids!

Han changes places with Leia who has been at the controls, and Chewie gets into his chair. Han works his controls as a chunk of rock crosses in front of the ship.

HAN  
Oh, no! Chewie, set two-seven-one.

LEIA  
What are you doing? You're not actually going into an asteroid field?

HAN  
They'd be crazy to follow us, wouldn't they?

Another asteroid thumps against the ship and Leia winces at the jolt.

LEIA  
You don't have to do this to impress me.

THREEPIO

Sir, the possibility of successfully navigating an asteroid field is approximately three thousand, seven hundred and twenty to one.

HAN

Never tell me the odds!

131 EXT. ASTEROID BELT - MILLENNIUM FALCON 131

The Falcon turns into the asteroid storm and as the ship completes its turn, asteroids start coming straight at the cockpit windows.

A large asteroid tumbles away from the Falcon's path at top speed. Several smaller asteroids crash into the big one, creating small explosions on its surface. Other asteroids of all sizes pass by in every direction, some colliding and exploding. The tiny Millennium Falcon veers around the big asteroid and races past it through the rain of rocks, followed by four TIE fighters, which bob and weave around the asteroids.

One of the pursuing TIE fighters connects with an asteroid and explodes. The other fighters are pelted with a steady stream of smaller explosions.

Two huge asteroids tumble toward the Millennium Falcon, which quickly banks around both of them. The three TIE fighters follow in hot pursuit until one of the fighters scrapes an asteroid and tumbles out of control into deep space.

132 EXT. SPACE - STAR DESTROYER - ASTEROID BELT 132

The massive Star Destroyer blasts oncoming asteroids as it follows the Falcon. Smaller asteroids explode across its vast surface.

133 EXT. MILLENNIUM FALCON - TIE FIGHTERS - ASTEROID BELT 133

The Falcon twists on its side as it races around an oncoming asteroid. Two TIE fighters follow in the distance, coming from either side.

134 INT. MILLENNIUM FALCON - COCKPIT 134

Asteroids race by the cockpit window as Han pilots his trusty craft through the dangerous field.

Looking out the cockpit window, the Falcon crew sees a big asteroid drop past the window, narrowly missing their ship.

Chewie barks in terror as a slightly smaller asteroid comes especially close - to close - and bounces off the Falcon with a loud crunch. Threepio's hands cover his eyes. He manages a short peek at the cockpit window. Princess Leia sits stone-faced, staring at the action. Han gives her a quick look.

HAN

You said you wanted to be around when I made a mistake; well, this could be it, sweetheart.

LEIA

I take it back. We're going to get pulverized if we stay out here much longer.

The group watches as more asteroids race by outside the window.

HAN

I'm not going to argue with that.

THREEPIO

Pulverized?

HAN

I'm going in closer to one of those big ones.

LEIA

Closer?

THREEPIO

Closer?!

Chewbacca barks the same word, only louder.

135

EXT. MILLENNIUM FALCON - ASTEROID BELT

135

The Millennium Falcon dives toward the surface of one of the moon-sized asteroids. There is a continued display of explosions against the starry void as smaller asteroids collide with larger chunks of rock. The two remaining TIE fighters follow the Falcon to the large asteroid. The Falcon skims the surface of the giant asteroid as, all the while, small asteroids explode on the surface of the ship.

The TIE fighters approach the Falcon, but a giant asteroid hurtles directly into their path. As the asteroid continues on its way, it leaves remains of the two exploded TIE fighters to tumble into deep space.

136 INT. MILLENNIUM FALCON - COCKPIT 136

Rattled by the violent rocking of the starship, Threepio is nearly in hysterics.

THREEPIO  
Oh, this is suicide!

Han notices something on his main scope and nudges his faithful Wookiee, pointing.

HAN  
There. That looks pretty good.

LEIA  
What looks pretty good?

HAN  
Yeah. That'll do nicely.

THREEPIO  
(to Leia)  
Excuse me, ma'am, but where are we going?

Out the cockpit window, they see that they are skimming the surface of the enormous asteroid and nearing a large crater.

137 EXT. MILLENNIUM FALCON - GIANT ASTEROID CRATER 137

The Millennium Falcon dives into the huge crater and disappears.

138 INT. MILLENNIUM FALCON - COCKPIT 138

LEIA  
I hope you know what you're doing.

HAN  
Yeah, me too.

139 INT. GIANT ASTEROID CRATER 139

The Falcon races down into the crater. The walls are barely visible as the ship speed through the tunnelliike opening. A small cave appears on one side of the crater, and the Falcon turns, slows, and scoots into it.

140 EXT. SPACE - LUKE'S X-WING 140

The tiny X-wing speeds toward the cloud cover of Dagobah. Artoo, riding on the back of the fighter, turns his head back and forth with some anxiety.

141 INT. LUKE'S X-WING - COCKPIT 141

Luke watches Artoo's words as they are translated and screened on the computer scope.

LUKE  
(into comlink)  
Yes, that's it. Dagobah.

Artoo beeps a hopeful inquiry.

LUKE (CONT'D)  
(into comlink)  
No, I'm not going to change my mind  
about this.  
(getting a little  
nervous)  
I'm not picking up any cities or  
technology. Massive life-form  
readings, though. There's  
something alive down there...

Artoo beeps, this time a slightly worried question.

LUKE (CONT'D)  
(into comlink)  
Yes, I'm sure it's perfectly safe  
for droids.

142 EXT. SPACE - DAGOBAH - LUKE'S X-WING 142

The X-wing continues its flight through the twilight above the cloud-covered planet.

143 INT. LUKE'S X-WING - COCKPIT 143

Luke sees the cloud race by as he takes his craft closer to the planet. He must operate his controls carefully since the cloud cover has completely obscured his vision. An alarm buzzes in the background, Artoo beeps and whistles frantically.

LUKE  
(into comlink)  
I know, I know! All the scopes are  
dead. I can't see a thing! Just  
hang on, I'm going to start the  
landing cycle...

The blast of the retrorockets is deafening, drowning out Artoo's electronic squeals. Suddenly, there is a cracking sound as if limbs were being broken off trees and then a tremendous jolt as the spacecraft stops. Luke pulls a switch and his canopy pops open.

144

EXT. DAGOBAH - DUSK

144

The mist-shrouded X-wing fighter is almost invisible in the thick fog. Luke climbs out onto the long nose of the spacecraft as Artoo pops out of his cubbyhole on the back. The young warrior surveys the fog, which is barely pierced by the ship's landing lights. About all he can make out are some giant, twisted trees nearby. Artoo whistles anxiously.

LUKE

No, Artoo, you stay put. I'll have a look around.

Artoo lets out a short beep. As Luke moves along the nose, Artoo loses his balance and disappears with a splash into the boggy lake.

LUKE (CONT'D)

Artoo?

Luke kneels and leans over the plane looking for Artoo, but the water is still and reveals no sign of the little droid.

LUKE (CONT'D)

Artoo! Where are you?

A small periscope breaks the surface of the water and a gurgly beep is heard. The periscope starts to move to shore. Relieved, Luke starts running along the nose of the fighter to its tip.

LUKE (CONT'D)

Artoo! You be more careful.

The outline of the shore is now more than ten feet away.

Luke jumps off the plane into the water, scrambles up to the shore, and turns to look for Artoo. The periscope still steadily moves toward shore.

LUKE (CONT'D)

Artoo - that way!

Suddenly, through the thick fog layer, a dark shape appears, moving toward the little droid. The dark, sinuous bog beast dives beneath the swampy water, making a loud clunk against Artoo's metal hull. The droid disappears from sight, uttering a pathetic electronic scream.

Holding his ignited lightsaber before him, Luke wades a few feet into the murky pool, looking for any sign of his little friend.

LUKE (CONT'D)

Artoo!

The black surface is still as death itself... until a few bubbles begin to appear. Then, phheewaat!! The runt-size robot is spit out of the water, makes a graceful arc, and comes crashing down into a patch of soft gray moss.

LUKE (CONT'D)

Oh, no! Are you all right? Come on. You're lucky you don't taste very good. Anything broken?

Luke helps Artoo to his feet and begins wiping the mud and roots from his round metal body. Artoo responds with feeble, soggy beeps.

LUKE (CONT'D)

If you're saying coming here was a bad idea, I'm beginning to agree with you. Oh, Artoo, what are we doing here? It's like... something out of a dream, or, I don't know. Maybe I'm just going crazy.

As Luke glances around at the spooky swamp jungle that surrounds him, Artoo ejects a stream of muddy water from one of his cranial ports.

145

EXT. VADER'S STAR DESTROYER - VADER'S CHAMBER

145

Admiral Piett hesitates in the entryway to Vader's private cubicle.

After a moment, he steps into the room and pauses at the surprising sight before him.

Darth Vader, his back turned, is silhouetted in the gloom on the far side of the chamber. A black, insectlike droid attends him. Among the various apparatuses surrounding them, a respirator tube now retracts from Vader's uncovered head. The head is bald with a mass of ugly scar tissue covering it. The black droid then lowers the mask and helmet onto Vader's head. When it is in place, the Dark Lord turns to face Piett.

VADER

Yes, Admiral?

PIETT

Our ships have sighted the Millennium Falcon, lord. But... it has entered an asteroid field and we cannot risk...

VADER  
 (interrupting)  
 Asteroids do not concern me,  
 Admiral. I want that ship and not  
 excuses.

PIETT  
 Yes, lord.

146 EXT. ASTEROID CAVE - MILLENNIUM FALCON 146

The pirate starship rests in a dark, dripping asteroid cave. It is so dark that the cave's exact dimensions are impossible to determine.

147 INT. MILLENNIUM FALCON - COCKPIT 147

Han and Chewie busily shut down the engine and all electronic systems. Threepio and Leia watch worriedly.

HAN  
 I'm going to shut down everything  
 but the emergency power systems.

THREEPIO  
 Sir, I'm almost afraid to ask,  
 but... does that include shutting  
 me down, too?

Chewie barks "yes". But Han thinks otherwise.

HAN  
 No, I need you to talk to the  
 Falcon, find out what's wrong with  
 the hyperdrive.

Suddenly, the ship lurches, causing all the loose items in the cockpit to go flying. Chewie howls.

THREEPIO  
 Sir, it's quite possible this  
 asteroid is not entirely stable.

HAN  
 Not entirely stable? I'm glad  
 you're here to tell us these  
 things. Chewie, take the professor  
 in the back and plug him into the  
 hyperdrive.

THREEPIO  
 Oh! Sometimes I just don't  
 understand human behavior.

(MORE)

THREEPIO (CONT'D)

After all, I'm only trying to do my  
job in the most...

The sliding door closes behind the indignant Threepio as Chewie and he move back to the hold. Suddenly, the ship lurches again, throwing Leia across the cabin into Han's arms. Then, abruptly, the motion stops as suddenly as it started. With some surprise, Han and Leia realize they are in each other's arms.

LEIA

Let go.

HAN

Sshh!

LEIA

Let go, please.

Leia flushes, averting her eyes. She's not exactly fighting to get free. But, of course, Han blows it...

HAN

Don't get excited.

The anger rises in Leia.

LEIA

Captain, being held by you isn't  
quite enough to get me excited.

HAN

Sorry, sweetheart. We haven't got  
time for anything else.

Han grins quickly wickedly at Leia as he turns and exits through the door. Leia's confused emotions show clearly on her lovely face.

148

EXT. DAGOBAH - BOG CLEARING - DUSK

148

The mist has dispersed a bit, but it is still a very gloomy-looking swamp.

Luke pulls an equipment box from the shore to the clearing. He ignites a little fusion furnace and warms his hands before it. Taking a power cable, he plugs it into Artoo's noselike socket.

LUKE

Ready for some power? Okay. Let's  
see now. Put that in there. There  
you go.

The droid whistles his appreciation. Luke then opens a container of processed food and sits before the thermal heater.

LUKE (CONT'D)

(sighs)

Now all I have to do is find this  
Yoda... if he even exists.

Nervously, he looks around at the foreboding jungle.

LUKE (CONT'D)

Still... there's something familiar  
about this place. I feel like... I  
don't know...

STRANGE VOICE

Feel like what?

Luke jumps out of his skin. Artoo screeches in terror. The young warrior grabs for his lightsaber as he spins around, looking for the speaker. Mysteriously standing right in front of Luke is a strange, bluish creature, not more than two feet tall. The wizened little thing is dressed in rags. It motions toward Luke's sword.

LUKE

(looking at the creature)

Like we're being watched!

CREATURE

Away with your weapon! I mean you  
no harm.

After some hesitation, Luke puts away his weapon, although he really doesn't understand why. Artoo watches with interest.

CREATURE (CONT'D)

I am wondering, why are you here?

LUKE

I'm looking for someone.

CREATURE

Looking? Found someone, you have,  
I would say, hmmm?

The little creature laughs.

LUKE

(Trying to keep from  
smiling)

Right.

CREATURE

Help you I can. Yes, mmmm.

LUKE

I don't think so. I'm looking for  
a great warrior.

CREATURE

Ahhh! A great warrior.  
(laughs and shakes his  
head)  
Wars not make one great.

With the aid of a walking stick, the tiny stranger moves over to one of the cases of supplies. He begins to rummage around.

Artoo moves to the edge of the case - standing almost eye level to the creature who is carelessly handling the supplies - and squeaks his disapproval.

Their tiny visitor pick up the container of food Luke was eating from and takes a bite.

LUKE

Put that down. Hey! That's my  
dinner!

The creature spits out the bite he has taken. He makes a face.

CREATURE

How you get so big, eating food of  
this kind?

He flips the container in Luke's direction and reaches into one of Luke's supply cases.

LUKE

Listen, friend, we didn't mean to  
land in that puddle, and if we  
could get our ship out, we would,  
but we can't, so why don't you  
just...

CREATURE

(teasing)  
Aww, cannot get your ship out?

The creature spots something of interest in Luke's case. Luke loses patience and grabs the case away. The creature retains his prize - a tiny power lamp - and examines it with delight.

LUKE

Hey, you could have broken this.  
Don't do that. Ohhh... you're  
making a mess. Hey, give me that!

CREATURE

(retreating with the  
lamp)

Mine! Or I will help you not.

Clutching its treasure, the creature backs away from Luke, drawing closer to Artoo. As Luke and the creature argue, one of Artoo's little arms slowly moves out toward the power lamp, completely unnoticed by the creature.

LUKE

I don't want your help. I want my  
lamp back. I'll need it to get out  
of this slimy mudhole.

CREATURE

Mudhole? Slimy? My home this is.

Artoo grabs hold of the lamp and the two little figures are immediately engaged in a tug-of-war over it.

Artoo beeps a few angry, "Give me thats."

CREATURE (CONT'D)

Ah, ah, ah!

LUKE

Oh, Artoo, let him have it!

CREATURE

Mine! Mine!

LUKE

Artoo!

CREATURE

Mine!

The creature lets go with one hand and pokes Artoo lightly with one finger. Artoo reacts with a startled squeal, and lets go.

CREATURE (CONT'D)

Mine!

LUKE

(fed up)

Now will you move along, little fella? We're got a lot of work to do.

CREATURE

No! No, no! Stay and help you, I will.

(laughs)

Find your friend, hmm?

LUKE

I'm not looking for a friend. I'm looking for a Jedi Master.

CREATURE

Oohhh. Jedi Master. Yoda. You seek Yoda.

LUKE

You know him?

CREATURE

Mmm. Take you to him, I will.

(laughs)

Yes, yes. But now, we must eat. Come. Good food. Come.

With that, the creature scurries out of the clearing, laughing merrily. Luke stares after him. All he sees is the faint light from the small power lamp moving through the fog. Luke makes his decision and starts after the creature.

CREATURE (CONT'D)

(in the distance)

Come, come.

Artoo, very upset, whistles a blue streak of protest.

LUKE

Stay here and watch after the camp, Artoo.

Artoo beeps even more frantically. But as Luke disappears from view, the worried little droid grows quieter, and utters a soft electronic sigh.

149

INT. MILLENNIUM FALCON - MAIN HOLD AREA

149

Threepio whistles and beeps a strange dialect into the control panel in front of him. The control panel whistles back a few mystifying beeps.

THREEPIO

Oh, where is Artoo when I need him?

Han enters the hold area and kneels on the floor near the control box.

THREEPIO (CONT'D)

Sir, I don't know where your ship learned to communicate, but it has the most peculiar dialect. I believe, sir, it says that the power coupling on the negative axis has been polarized. I'm afraid you'll have to replace it.

HAN

Well, of course I'll have to replace it.

He hands a wire coil up to Chewie who is working near the ceiling.

HAN (CONT'D)

Here! And Chewie...

Chewie brings his head back through the trap door in the ceiling and whines. Han glances back at Threepio, then speaks quietly to Chewie so only he can hear.

HAN (CONT'D)

(continuing)

... I think we'd better replace the negative power coupling.

Leia finishes welding the valves she has been working on and attempts to reengage the system by pulling a lever attached to the valve. It doesn't budge. Han notices her struggle, and moves to help her. She rebuffs him.

HAN (CONT'D)

Hey, Your Worship, I'm only trying to help.

LEIA

(still struggling)

Would you please stop calling me that?

Han hears a new tone in her voice. He watches her pull on the lever.

HAN

Sure, Leia.

LEIA

Oh, you make it so difficult  
sometimes.

HAN

I do, I really do. You could be a  
little nicer, though.

(he watches her reaction)

Come on, admit it. Sometimes you  
think I'm all right.

She lets go of the lever and rubs her sore hand.

LEIA

Occasionally...

(a little smile,  
haltingly)

... when you aren't acting like a  
scoundrel.

HAN

(laughs)

Scoundrel? Scoundrel? I like the  
sound of that.

With that, Han takes her hand and starts to massage it.

LEIA

Stop that.

HAN

Stop what?

Leia is flushed, confused.

LEIA

Stop that! My hands are dirty.

HAN

My hands are dirty, too. What are  
you afraid of?

LEIA

(looking right into his  
eyes)

Afraid?

Han looks at her with a piercing look. He's never looked  
more handsome, more dashing, more confident. He reaches out  
slowly and takes Leia's hand again from where it is resting  
on a console. He draws it toward him.

HAN

You're trembling.

LEIA  
I'm not trembling.

Then with an irresistible combination of physical strength and emotional power, the space pirate begins to draw Leia toward him... very slowly.

HAN  
You like me because I'm a scoundrel. There aren't enough scoundrels in your life.

Leia is now very close to Han and as she speaks, her voice becomes an excited whisper, a tone completely in opposition to her words.

LEIA  
I happen to like nice men.

HAN  
I'm a nice man.

LEIA  
No, you're not. You're...

He kisses her now, with slow, hot lips. He takes his time, as though he had forever, bending her body backward. She has never been kissed like this before, and it almost makes her faint. When he stops, she regains her breath and tries to work up some indignation, but finds it hard to talk.

Suddenly, Threepio appears in the doorway, speaking excitedly.

THREEPIO  
Sir, sir! I've isolated the reverse power flux coupling.

Han turns slowly, icily, from their embrace.

HAN  
Thank you. Thank you very much.

THREEPIO  
Oh, you're perfectly welcome, sir.

The moment spoiled, Han marches out after Threepio.

150

EXT. SPACE - ASTEROID FIELD

150

The Imperial fleet moves through the asteroid-filled void, intently seeking its prey.

151 INT. VADER'S STAR DESTROYER - BRIDGE

151

Asteroids collide, creating a fireworks display outside the bridge window. Darth Vader stands, staring out the window above the control deck. Then slowly turns toward the bridge. Before him are the hologram images of twenty battleship commanders. One of these images, the commander of a ship that has just exploded, is fading away quickly. Another image, in the center and a little apart from the others, is faded and continually disrupted by static. It is the image of Captain Needa, commander of the Star Destroyer most hotly on the tail of the Millennium Falcon. Admiral Piett and an aide stand behind the Dark Lord.

NEEDA

(in hologram)

... and that, Lord Vader, was the last time they appeared in any of our scopes. Considering the amount of damage we've sustained, they must have been destroyed.

VADER

No, Captain, they're alive. I want every ship available to sweep the asteroid field until they are found.

The Imperial star captains fade out one by one as Vader turns to Admiral Piett.

PIETT

Lord Vader.

VADER

Yes, Admiral, what is it?

The admiral is scared, his face white as a sheet.

PIETT

The Emperor commands you make contact with him.

VADER

Move the ship out of the asteroid field so that we can send a clear transmission.

PIETT

Yes, my lord.

152 EXT. ASTEROID FIELD - VADER'S STAR DESTROYER 152

Vader's Imperial Star Destroyer moves against the vast sea of stars away from the rest of the fleet.

153 INT. VADER'S STAR DESTROYER - VADER'S CHAMBER 153

The Dark Lord, Darth Vader, is alone in his chamber. A strange sound enters the room and a light begins to play across Vader's black figure. He looks up and bows quickly.

A twelve-foot hologram of the Galactic Emperor materializes before Vader. The Emperor's dark robes and monk's hood are reminiscent of the cloak worn by Ben Kenobi. His voice is even deeper and more frightening than Vader's.

VADER

What is thy bidding, my master?

EMPEROR

There is a great disturbance in the Force.

VADER

I have felt it.

EMPEROR

We have a new enemy - Luke Skywalker.

VADER

Yes, my master.

EMPEROR

He could destroy us.

VADER

He's just a boy. Obi-Wan can no longer help him.

EMPEROR

The Force is strong with him. The son of Skywalker must not become a Jedi.

VADER

If he could be turned, he would become a powerful ally.

EMPEROR

Yes. Yes. He would be a great asset. Can it be done?

VADER

He will join us or die, my master.

Vader kneels. The supreme Emperor passes a hand over the crouched Lord of the Sith and fades away.

154 EXT. DAGOBAH - CREATURE'S HOUSE - NIGHT 154

A heavy downpour of rain pounds through the gnarled trees. A strange baroque mud house sits on a moss-covered knoll on the edge of a small lagoon. The small, gnomish structure radiates a warm glow from its thick glass windows. As rain tap-dances a merry tune on Artoo's head, the stubby little droid rises up on his tip-toes to peek into one of the glowing portals.

155 INT. CREATURE'S HOUSE 155

Artoo, peeking in the window, sees the inside of the house - a very plain, but cozy dwelling. Everything is in the same small scale as the creature. The only thing out of place in the miniature room is Luke, whose height makes the four-foot ceiling seem even lower. He sits cross-legged on the floor of the living room.

The creature is in an adjoining area - his little kitchen - cooking up an incredible meal. The stove is a steaming hodgepodge of pots and pans. The wizened little host scurries about chopping this, shredding that, and showering everything with exotic herbs and spices. He rushes back and forth putting platters on the table in front of Luke, who watches the creature impatiently.

LUKE

Look, I'm sure it's delicious. I just don't understand why we can't see Yoda now.

CREATURE

Patience! For the Jedi it is time to eat as well. Eat, eat. Hot. Good food, hm? Good, hmm?

Moving with some difficulty in the cramped quarters, Luke sits down near the fire and serves himself from the pot. Tasting the unfamiliar concoction, he is pleasantly surprised.

LUKE

How far away is Yoda? Will it take us long to get there?

CREATURE

Not far. Yoda not far. Patience.  
 Soon you will be with him.  
 (tasting food from the  
 pot)  
 Rootleaf, I cook. Why wish you  
 become Jedi? Hm?

LUKE

Mostly because of my father, I  
 guess.

CREATURE

Ah, your father. Powerful Jedi was  
 he, powerful Jedi, mmm.

LUKE

(a little angry)  
 Oh, come on. How could you know my  
 father? You don't even know who I  
 am.  
 (fed up)  
 Oh, I don't know what I'm doing  
 here. We're wasting our time.

The creature turns away from Luke and speaks to a third  
 party.

CREATURE

(irritated)  
 I cannot teach him. The boy has no  
 patience.

Luke's head spins in the direction the creature faces. But  
 there is no one there. The boy is bewildered, but it  
 gradually dawns on him that the little creature is Yoda, the  
 Jedi Master, and that he is speaking with Ben.

BEN'S VOICE

He will learn patience.

YODA

Hmmm. Much anger in him, like his  
 father.

BEN'S VOICE

Was I any different when you taught  
 me?

YODA

Hah. He is not ready.

LUKE

Yoda! I am ready. I... Ben! I can be a Jedi. Ben, tell him I'm ready.

Trying to see Ben, Luke starts to get up but hits his head on the low ceiling.

YODA

Ready, are you? What know you of ready? For eight hundred years have I trained Jedi. My own counsel will I keep on who is to be trained! A Jedi must have the deepest commitment, the most serious mind.

(to the invisible Ben, indicating Luke)

This one a long time have I watched. All his life has he looked away... to the future, to the horizon. Never his mind on where he was. Hmm? What he was doing. Hmph. Adventure. Heh! Excitement. Heh! A Jedi craves not these things.

(turning to Luke)

You are reckless!

Luke looks down. He knows it is true.

BEN'S VOICE

So was I, if you'll remember.

YODA

He is too old. Yes, too old to begin the training.

Luke thinks he detects a subtle softening in Yoda's voice.

LUKE

But I've learned so much.

Yoda turns his piercing gaze on Luke, as though the Jedi Master's huge eyes could somehow determine how much the boy had learned. After a long moment, the little Jedi turns toward where he alone sees Ben.

YODA

(sighs)

Will he finished what he begins?

LUKE

I won't fail you - I'm not afraid.

YODA

(turns slowly toward him)  
Oh, you will be. You will be.

156 EXT. SPACE - STAR DESTROYERS - ASTEROID FIELD 156

The Imperial fleet around Vader's ship is surrounded by the asteroid storm. Asteroids big and small pelt the vast exteriors of the menacing ships. One of the smaller Imperial vessels is hit by a huge asteroid and explodes in a brilliant flash of light.

157 INT. ASTEROID CAVE - MILLENNIUM FALCON - COCKPIT 157

The cockpit is quiet and lit only by the indicator lights on the control panel. Princess Leia sits in the pilot's seat.

She runs her hand across the control panel as she thinks of Han and the confusion he has created within her. Suddenly, something outside the cockpit window catches her eye. The reflection of the panel lights obscures her vision until a soft suctionlike cup attaches itself to the windscreen. Leia moves closer to see what it might be. Large, yellow eyes flash open and stare back at her. Startled, she jumps back into her seat, her heart pounding. There is a scurry of feet and a loud screech, and in an instant the eyes are gone. The young princess catches her breath, jumps out of her chair, and races from the cockpit.

158 INT. ASTEROID CAVE - MILLENNIUM FALCON - HOLD AREA 158

The lights go bright for a second then out again. Threepio and Chewbacca watch as Han finishes with some wires.

THREEPIO

Sir, if I may venture an opinion...

HAN

I'm not really interested in your opinion, Threepio.

Leia rushes into the cabin just as Han drops the final floor panel into place.

LEIA

(out of breath)  
There's something out there.

HAN

Where?

LEIA

Outside, in the cave.

As she speaks, there comes a sharp banging on the hull. Chewie looks up and barks anxiously.

THREEPIO

There it is. Listen! Listen!

HAN

I'm going out there.

LEIA

Are you crazy?!

HAN

I just got this bucket back together. I'm not going to let something tear it apart.

He and Chewie grab their breath masks off a rack and hurry out. Leia follows.

LEIA

Then I'm going with you.

THREEPIO

I think it might be better if I stay here and guard the ship.  
(hears another mysterious noise)  
Oh, no.

159

EXT. ASTEROID CAVE - MILLENNIUM FALCON

159

It is very dark inside the huge asteroid cave, too dark to see what is attacking the ship.

Leia stamps her foot on the floor of the cave.

LEIA

This ground sure feels strange. It doesn't feel like rock at all.

Han kneels and studies the ground, then attempts to study the outline of the cave.

HAN

There's an awful lot of moisture in here.

LEIA

I don't know. I have a bad feeling about this.

HAN

Yeah.

Chewie barks through his face mask, and points toward the ship's cockpit. A five-foot-long shape can be seen moving across the top of the Falcon. The leathery creature lets out a screech as Han blasts it with a laser bolt.

HAN (CONT'D)  
(to Leia)  
Watch out!

The black shape tumbles off the spaceship and onto the ground in front of the princess. Han bends down to investigate the dead creature.

HAN (CONT'D)  
Yeah, that's what I thought.  
Mynock. Chewie, check the rest of the ship, make sure there aren't any more attached. They're chewing on the power cables.

LEIA  
Mynocks?

HAN  
Go on inside. We'll clean them off if there are any more.

Just then, a swarm of the ugly creatures swoops through the air. Leia puts her arms over her head to protect herself as she runs toward the ship. Chewie shoos another Mynock away with his blaster. Several of the batlike creatures flap their wings loudly against the cockpit window of the Falcon. Inside, Threepio shudders at their presence.

THREEPIO  
Ohhh! Go away! Go away! Beastly little thing. Shoo! Shoo!

Han looks around the strange, dripping cave.

HAN  
Wait a minute...

He unholsters his blaster and fires at the far side of the huge cave. The cavern begins to shake and the ground starts to buckle.

Chewie barks and moves for the ship, followed closely by Leia and Han. The large wings of the Mynocks flap past them as they protect their faces and run up the platform.

160 INT. ASTEROID CAVE - MILLENNIUM FALCON - ENTRY AREA 160

As soon as Han and Leia are on board, Chewie closes the main hatch. The ship continues to shake and heave.

HAN

All right, Chewie, let's get out of here!

The Wookiee heads for the cockpit as Han, followed by Threepio, rushes to the hold area and checks the scopes on the control panel. Leia hurries after.

LEIA

The Empire is still out there. I don't think it's wise to...

Han rushes past her and heads for the cockpit.

HAN

(interrupting)

No time to discuss this in committee.

And with that he is gone. The main engines of the Falcon begin to whine. Leia races after him, bouncing around in the shaking ship.

LEIA

(angry)

I am not a committee!

161 INT. ASTEROID CAVE - MILLENNIUM FALCON - COCKPIT 161

Han is already in the pilot's seat pulling back on the throttle. The cave-quake has greatly diminished.

LEIA

You can't make the jump to light-speed in this asteroid field...

HAN

Sit down, sweetheart. We're taking off!

As the ship begins to move forward, Chewie barks. He notices something out the window ahead. Threepio sees it too.

THREEPIO

Look!

HAN

I see it, I see it.

Suddenly, a row of jagged white stalagmites and stalactites can be seen surrounding the entrance. And as the Falcon moves forward, the entrance to the cave grows ever smaller. Han pulls hard on the throttle, sending his ship surging forward.

THREEPIO

We're doomed!

LEIA

The cave is collapsing.

HAN

This is no cave.

LEIA

What?

Leia's mouth drops open . She sees that the rocks of the cave entrance are not rocks at all, but giant teeth, quickly closing around the tiny ship. Chewie howls.

162 INT. SPACE SLUG MOUTH 162

The Millennium Falcon, zooming through the monster's mouth, rolls on its side and barely makes it between two of the gigantic white teeth before the huge jaws slams closed.

163 EXT. CAVE ENTRANCE - GIANT ASTEROID 163

The enormous space slug moves its head out of the cave as the Falcon flies out of its mouth. The monster tilts its head, watching the starship fly away.

164 EXT. MILLENNIUM FALCON - GIANT ASTEROID 164

The Falcon races out of the asteroid crater and into the deadly rain of the asteroid storm.

165 EXT. DAGOBAH - DAY 165

With Yoda strapped to his back, Luke climbs up one of the many thick vines that grow in the swamp. Panting heavily, he continues his course - climbing, flipping through the air, jumping over roots, and racing in and out of the heavy ground fog.

YODA

Run! Yes. A Jedi's strength flows from the Force. But beware of the dark side. Anger... fear... aggression. The dark side of the Force are they. Easily they flow, quick to join you in a fight.

(MORE)

YODA (CONT'D)

If once you start down the dark path, forever will it dominate your destiny, consume you it will, as it did Obi-Wan's apprentice.

LUKE

Vader. Is the dark side stronger?

YODA

No... no... no. Quicker, easier, more seductive.

LUKE

But how am I to know the good side from the bad?

YODA

You will know. When you are calm, at peace. Passive. A Jedi uses the Force for knowledge and defense, never for attack.

LUKE

But tell me why I can't...

YODA

(interrupting)

No, no, there is no why. Nothing more will I teach you today. Clear your mind of questions. Mmm. Mmmmmmmmm.

Artoo beeps in the distance as Luke lets Yoda down to the ground. Breathing heavily, he takes his shirt from a nearby tree branch and pulls it on.

He turns to see a huge, dead, black tree, its base surrounded by a few feet of water. Giant, twisted roots form a dark and sinister cave on one side. Luke stares at the tree, trembling.

LUKE

There's something not right here.

Yoda sits on a large root, poking his Gimer Stick into the dirt.

LUKE (CONT'D)

I feel cold, death.

YODA

That place... is strong with the dark side of the Force. A domain of evil it is. In you must go.

LUKE  
What's in there?

YODA  
Only what you take with you.

Luke looks warily between the tree and Yoda. He starts to strap on his weapon belt.

YODA (CONT'D)  
Your weapons... you will not need them.

Luke gives the tree a long look, than shakes his head "no." Yoda shrugs. Luke reaches up to brush aside some hanging vines and enters the tree.

166 INT. DAGOBDAH - TREE CAVE

166

Luke moves into the almost total darkness of the wet and slimy cave. The youth can barely make out the edge of the passage. Holding his lit saber before him, he sees a lizard crawling up the side of the cave and a snake wrapped around the branches of a tree. Luke draws a deep breath, then pushes deeper into the cave.

The space widens around him, but he feels that rather than sees it. His sword casts the only light as he peers into the darkness. It is very quiet here.

Then, a loud HISS! Darth Vader appears across the blackness, illuminated by his own just-ignited laser sword. Immediately, he charges Luke, saber held high. He is upon the youth in seconds, but Luke sidesteps perfectly and slashes at Vader with his sword.

Vader is decapitated. His helmet-encased head flies from his shoulders as his body disappears into the darkness. The metallic banging of the helmet fills the cave as Vader's head spins and bounces, smashes on the floor, and finally stops. For an instant it rests on the floor, then it cracks vertically. The black helmet and breath mask fall away to reveal... Luke's head.

Across the space, the standing Luke gasps at the sight, wide-eyed in terror.

The decapitated head fades away, as in a vision.

167 EXT. DAGOBDAH - CAVE - DUSK

167

Meanwhile, Yoda sits on the root, calmly leaning on his Gimer Stick.

168 EXT. SPACE - VADER'S STAR DESTROYER 168

Vader's Imperial Star Destroyer moves through space, guarded by its convoy of TIE fighters.

169 INT. VADER'S STAR DESTROYER - BRIDGE - CONTROL DECK 169

Vader stands in the back control area of his ship's bridge with a motley group of men and creatures. Admiral Piett and two controllers stand at the front of the bridge and watch the group with scorn.

PIETT

Bounty hunters. We don't need that scum.

FIRST CONTROLLER

Yes, sir.

PIETT

Those Rebels won't escape us.

A second controller interrupts.

SECOND CONTROLLER

Sir, we have a priority signal from the Star Destroyer Avenger.

PIETT

Right.

The group standing before Vader is a bizarre array of galactic fortune hunters. There is Bossk, a slimy, tentacled monster with two huge, bloodshot eyes in a soft baggy face; Zuckuss and Dengar, two battle-scarred, mangy human types; IG-88, a battered, tarnished chrome war droid; and Boba Fett, a man in a weapon-covered armored space suit.

VADER

... there will be a substantial reward for the one who finds the Millennium Falcon. You are free to use any methods necessary, but I want them alive. No disintegrations.

BOBA FETT

As you wish.

At that moment, Admiral Piett approaches Vader in a rush of excitement.

PIETT

Lord Vader! My lord, we have them.

170 EXT. IMPERIAL STAR DESTROYER, AVENGER - ASTEROID BELT 170

The Millennium Falcon speeds through deep space, closely followed by a firing Imperial Star Destroyer. A large asteroid about the same size as the Falcon tumbles rapidly toward the starship. The tiny Falcon banks to avoid the giant asteroid as smaller rocks pelt its surface. Then the small craft roars under the asteroid which explodes harmlessly on the hull of the vast Star Destroyer.

171 INT. MILLENNIUM FALCON - COCKPIT 171

The ship shudders as flak explodes near the cockpit window. Threepio checks a tracking scope on the side control panel while Leia watches tensely out the window.

THREEPIO

Oh, thank goodness we're coming out  
of the asteroid field.

Chewie barks excitedly as the rain of asteroids begins to subside. A bolt from the Star Destroyer sets up a fiery explosion on the back side of the Falcon, causing it to lurch to one side.

172 EXT. MILLENNIUM FALCON - STAR DESTROYER, AVENGER - ASTEROID FIELD

The Falcon is hit hard by another bolt from the Star Destroyer which creates a huge explosion near the cockpit of the smaller ship. The Falcon tilts steeply, then rights itself.

173 INT. MILLENNIUM FALCON - COCKPIT 173

Han corrects the angle of his ship.

HAN

Let's get out of here. Ready for  
light-speed? One... two... three!

Han pulls back on the hyperspace throttle and - nothing happens. Flak bursts continue to rock the ship.

HAN (CONT'D)

(frantic)  
It's not fair!

Chewie is very angry and starts to growl and bark at his friend and captain. Again, Han desperately pulls back on the throttle.

HAN (CONT'D)  
The transfer circuits are working.  
It's not my fault!

Chewie puts his head in his hands, whining.

LEIA  
(almost expecting it)  
No light-speed?

HAN  
It's not my fault.

THREEPIO  
Sir, we just lost the main rear  
deflector shield. One more direct  
hit on the back quarter and we're  
done for.

Han pauses for a moment, makes a decision, and pulls back on  
a lever.

HAN  
Turn her around.

Chewie barks in puzzlement.

HAN (CONT'D)  
I said turn her around! I'm going  
to put all power in the front  
shield.

LEIA  
You're going to attack them?!

THREEPIO  
Sir, the odds of surviving a direct  
assault on an Imperial Star  
Destroyer...

LEIA  
Shut up!

174

EXT. SPACE - MILLENNIUM FALCON - ASTEROID FIELD

174

The Falcon banks, makes a steep, twisting turn. In the next  
moment it is racing toward the Star Destroyer, looking very  
small against the massive surface of the Imperial ship. As  
it moves across the surface of the Star Destroyer, the  
Falcon bobs and weaves to avoid the numerous flak bursts.

175 INT. STAR DESTROYER, AVENGER - BRIDGE

175

The tiny Falcon heads directly for the Avenger's bridge. The Imperials stationed there are stunned to see the small spaceship racing low across the hull, headed directly at the huge windows of the bridge area. Alarms go off everywhere. The Destroyer's commander, Captain Needa, can scarcely believe his eyes.

NEEDA

They're moving to attack position!  
Shields up!

Needa and his men duck as the Falcon nears the bridge window. At the last minute, the Falcon veers off and out of sight. All is quiet.

NEEDA (CONT'D)

Track them. They may come around for another pass.

TRACKING OFFICER

Captain Needa, the ship no longer appears on our scopes.

NEEDA

They can't have disappeared. No ship that small has a cloaking device.

TRACKING OFFICER

Well, there's no trace of them, sir.

COMMUNICATIONS OFFICER

Captain, Lord Vader demands an update on the pursuit.

NEEDA

(drawing a breath)  
Get a shuttle ready. I shall assume full responsibility for losing them, and apologize to Lord Vader. Meanwhile, continue to scan the area.

COMMUNICATIONS OFFICER

Yes, Captain Needa.

176 EXT. DAGOBAH - BOG - DAY

176

Luke's face is upside-down and showing enormous strain. He stands on his hands, with Yoda perched on his feet.

Opposite Luke and Yoda are two rocks the size of bowling balls. Luke stares at the rocks and concentrates. One of the rocks lifts from the ground and floats up to rest on the other.

YODA  
Use the Force. Yes...

Yoda taps Luke's leg. Quickly, Luke lifts one hand from the ground. His body wavers, but he maintains his balance. Artoo, standing nearby, is whistling and beeping frantically.

YODA (CONT'D)  
Now... the stone. Feel it.

Luke concentrates on trying to lift the top rock. It rises a few feet, shaking under the strain. But, distracted by Artoo's frantic beeping, Luke loses his balance and finally collapses. Yoda jumps clear.

YODA (CONT'D)  
Concentrate!

Annoyed at the disturbance, Luke looks over at Artoo, who is rocking urgently back and forth in front of him.

Artoo waddles closer to Luke, chirping wildly, then scoots over the edge of the swamp. Catching on, Luke rushes to the water's edge. The X-wing fighter has sunk, and only the tip of its nose shows above the lake's surface.

LUKE  
Oh, no. We'll never get it out now.

Yoda stamps his foot in irritation.

YODA  
So certain are you. Always with you it cannot be done. Hear you nothing that I say?

Luke looks uncertainly out at the ship.

LUKE  
Master, moving stones around is one thing. This is totally different.

YODA  
No! No different! Only different in your mind. You must unlearn what you have learned.

LUKE  
 (focusing, quietly)  
 All right, I'll give it a try.

YODA  
 No! Try not. Do. Or do not.  
 There is no try.

Luke closes his eyes and concentrates on thinking the ship out.

Slowly, the X-wing's nose begins to rise above the water. It hovers for a moment and then slides back, disappearing once again.

LUKE  
 (panting heavily)  
 I can't. It's too big.

YODA  
 Size matters not. Look at me.  
 Judge me by my size, do you? Hm?  
 Mmmm.

Luke shakes his head.

YODA (CONT'D)  
 And well you should not. For my ally in the Force. And a powerful ally it is. Life creates it, makes it grow. Its energy surrounds us and binds us. Luminous beings are we...  
 (Yoda pinches Luke's shoulder)  
 ... not this crude matter.  
 (a sweeping gesture)  
 You must feel the Force around you.  
 (gesturing)  
 Here, between you... me... the tree... the rock... everywhere!  
 Yes, even between this land and that ship!

LUKE  
 (discouraged)  
 You want the impossible.

Quietly Yoda turns toward the X-wing fighter. With his eyes closed and his head bowed, he raises his arm and points at the ship.

Soon, the fighter rises above the water and moves forward as Artoo beeps in terror and scoots away.

The entire X-wing moves majestically, surely, toward the shore. Yoda stands on a tree root and guides the fighter carefully down toward the beach.

Luke stares in astonishment as the fighter settles down onto the shore. He walks toward Yoda.

LUKE (CONT'D)  
I don't... I don't believe it.

YODA  
That is why you fail.

Luke shakes his head, bewildered.

177 EXT. SPACE - IMPERIAL FLEET 177

The fleet around Vader's Star Destroyer now includes Needa's Star Destroyer, the Avenger.

178 INT. VADER'S STAR DESTROYER - BRIDGE 178

VADER  
Apology accepted, Captain Needa.

Clutching desperately at his throat, Captain Needa slumps down, then falls over on his back, at the feet of Darth Vader. Two stormtroopers pick up the lifeless body and carry it quickly away as Admiral Piett and two of his captains hurry up to the Dark Lord.

PIETT  
Lord Vader, our ships have completed their scan of the area and found nothing. If the Millennium Falcon went into light-speed, it'll be on the other side of the galaxy by now.

VADER  
Alert all commands. Calculate every possible destination along their last know trajectory.

PIETT  
Yes, my lord. We'll find them.

VADER  
Don't fail me again, Admiral.

Vader exits as the admiral turns to an aide, a little more uneasy than when he arrived.

PIETT

Alert all commands. Deploy the fleet.

179 EXT. SPACE - IMPERIAL FLEET

179

Vader's ship moves away, flanked by its fleet of smaller ships. the Avenger glides off into space in the opposite direction. No one on that ship or on Vader's is aware that, clinging to the side of the Avenger, is the pirateship, the Millennium Falcon.

180 INT. MILLENNIUM FALCON - COCKPIT

180

THREEPIO

Captain Solo, this time you have gone too far.

(Chewie growls)

No, I will not be quiet, Chewbacca. Why doesn't anyone listen to me?

HAN

(to Chewie)

The fleet is beginning to break up. Go back and stand by the manual release for the landing claw.

Chewie barks, struggles from his seat, and climbs out of the cabin.

THREEPIO

I really don't see how that is going to help. Surrender is a perfectly acceptable alternative in extreme circumstances. The Empire may be gracious enough...

Leia reaches over and shuts off Threepio, mid-sentence.

HAN

Thank you.

LEIA

What did you have in mind for your next move?

HAN

Well, if they follow standard Imperial procedure, they'll dump their garbage before they go to light-speed, then we just float away.

LEIA

With the rest of the garbage. Then what?

HAN

Then we've got to find a safe port somewhere around here. Got any ideas?

LEIA

No. Where are we?

HAN

The Anoat system.

LEIA

Anoat system. There's not much there.

HAN

No. Well, wait. This is interesting. Lando.

He points to a computer mapscreen on the control panel. Leia slips out of her chair and moves next to the handsome pilot. Small light points representing several systems flash by on the computer screen.

LEIA

Lando system?

HAN

Lando's not a system, he's a man. Lando Calrissian. He's a card player, gambler, scoundrel. You'd like him.

LEIA

Thanks.

HAN

Bespin. It's pretty far, but I think we can make it.

LEIA

(reading from the computer)

A mining colony?

HAN

Yeah, a Tibanna gas mine. Lando conned somebody out of it. We go back a long way, Lando and me.

LEIA  
Can you trust him?

HAN  
No. But he has no love for the  
Empire, I can tell you that.

Chewie barks over the intercom. Han quickly changes his readouts and stretches to look out the cockpit window.

HAN (CONT'D)  
(into intercom)  
Here we go, Chewie. Stand by.  
Detach!

Han leans back in his chair and gives Leia an invisible smile. She thinks for a moment, shakes her head; a grin creeps across her face and she gives him a quick kiss.

LEIA  
You do have your moments. Not  
many, but you have them.

181 EXT. SPACE - IMPERIAL STAR DESTROYER 181

As the Avenger Star Destroyer moves slowly into space, the hatch on its underbelly opens, sending a trail of junk behind it. Hidden among the refuse, the Falcon tumbles away. In the next moment, the Avenger roars off into hyperspace. The Falcon's engines are ignited, and it races off into the distance. Amidst the slowly drifting junk, Boba Fett's ship appears and moves after the Falcon.

182 EXT. DAGOBAH - BOG - CLEARING - DAY 182

In the clearing behind Yoda's house, Luke again stands upside-down, but his face shows less strain and more concentration than before. Yoda sits on the ground below the young warrior. On the other side of the clearing, two equipment cases slowly rise into the air. Nearby Artoo watches, humming to himself, when suddenly he, too, rises into the air. His little legs kick desperately and his head turns frantically, looking for help.

YODA  
Concentrate... feel the Force flow.  
Yes. Good. Calm, yes. Through the  
Force, things you will see. Other  
places. The future... the past.  
Old friends long gone.

Luke suddenly becomes distressed.

LUKE  
Han! Leia!

The two packing boxes and Artoo fall to the ground with a crash, then Luke himself tumbles over.

YODA  
(shaking his head)  
Hmm. Control, control. You must learn control.

LUKE  
I saw... I saw a city in the clouds.

YODA  
Mmm. Friends you have there.

LUKE  
They were in pain.

YODA  
It is the future you see.

LUKE  
Future? Will they die?

Yoda closes his eyes and lowers his head.

YODA  
Difficult to see. Always in motion is the future.

LUKE  
I've got to go to them.

YODA  
Decide you must how to serve them best. If you leave now, help them you could. But you would destroy all for which they have fought and suffered.

Luke is stopped cold by Yoda's words. Gloom shrouds him as he nods his head sadly.

183

EXT. BESPIN SYSTEM - MILLENNIUM FALCON - DAWN

183

The powerful pirate starship blasts through space as it heads toward the soft pink planet of Bespin.

184 EXT. BESPIN SURFACE - MILLENNIUM FALCON 184

It is down on the gaseous planet. Huge billowing clouds form a canyon as the ship banks around them, heading toward the system's Cloud City.

Suddenly, two twin-pod cloud cars appear and move toward the Falcon. The cloud cars draw up alongside the starship.

185 INT. MILLENNIUM FALCON - COCKPIT 185

One of the cloud cars opens fire on the Falcon, its flak rocking the ship. Chewie barks his concern.

HAN  
(into transmitter)  
No, I don't have a landing permit.  
I'm trying to reach Lando  
Calrissian.

More flak bursts outside the cockpit window and rattles the ship's interior. Leia looks worried.

HAN (CONT'D)  
(into transmitter)  
Whoa! Wait a minute! Let me  
explain.

INTERCOM VOICE  
You will not deviate from your  
present course.

THREEPIO  
Rather touchy, aren't they?

LEIA  
I thought you knew this person.

Chewie barks and growls at his boss.

HAN  
(to Chewie)  
Well, that was a long time ago. I'm  
sure he's forgotten about that.

INTERCOM VOICE  
Permission granted to land on  
Platform Three-two-seven.

HAN  
(into transmitter)  
Thank you.

Angry, Han snaps off the intercom. Chewie looks at him and grunts. Han turns to the worried princess and her droid.

HAN (CONT'D)

There's nothing to worry about. We go way back, Lando and me.

Leia doesn't look convinced.

LEIA

Who's worried?

186 EXT. CLOUD CITY - MILLENNIUM FALCON - CLOUD CARS 186

The clouds part to reveal a full view of the city as it bobs in and out of the cloud surface. The cloud cars and the Falcon head for the gleaming white metropolis.

187 EXT. CLOUD CITY - LANDING PLATFORM - MILLENNIUM FALCON 187

With the cloud cars still guarding it, the Falcon lands on one of the Cloud City's platforms.

188 EXT. LANDING PLATFORM - DOOR OF MILLENNIUM FALCON 188

Han and Leia stand at the open door, armed. Behind them, Chewie, also armed, surveys the scene warily.

THREEPIO

Oh. No one to meet us.

LEIA

I don't like this.

HAN

Well, what would you like?

THREEPIO

Well, they did let us land.

HAN

Look, don't worry. Everything's going to be fine. Trust me.

189 INT. CLOUD CITY - CORRIDOR - DAY 189

Lando Calrissian, a suave, dashing black man in his thirties, leads a group of aides and some Cloud City guard rapidly toward the landing platform.

The group, like the other citizens of the city, is a motley collection of aliens, droids, and humans of all descriptions. Lando has a grim expression on his face as he moves onto the landing platform.

190 EXT. LANDING PLATFORM - DOOR OF MILLENNIUM FALCON 190

HAN  
See? My friend.  
(to Chewie)  
Keep your eyes open, okay?

Chewie growls as Han walks down the ramp. Lando and his men head across the bridge to meet the space pirate.

191 EXT. CLOUD CITY - LANDING PLATFORM 191

Lando stops ten feet from Han. The two men eye each other carefully. Lando shakes his head.

LANDO  
Why, you slimy, double-crossing, no-good swindler! You've got a lot of guts coming here, after what you pulled.

Han points to himself innocently, mouthing, "Me?"

Lando moves threateningly toward Han. Suddenly, he throws his arms around his startled, long-lost friend and embraces him.

LANDO (CONT'D)  
(laughs)  
How you doing, you old pirate? So good to see you! I never thought I'd catch up with you again. Where you been?

The two old friends embrace, laughing and chuckling.

192 EXT. LANDING PLATFORM - DOOR OF MILLENNIUM FALCON. 192

THREEPIO  
Well, he seems very friendly.

LEIA  
(wary)  
Yes... very friendly.

193 EXT. CLOUD CITY - LANDING PLATFORM 193

LANDO  
What are you doing here?

HAN  
(gestures toward the Falcon)  
(MORE)

HAN (CONT'D)  
 Ahh... repairs. I thought you  
 could help me out.

LANDO  
 (in mock panic)  
 What have you done to my ship?

HAN  
 Your ship? Hey, remember, you lost  
 her to me fair and square.

Chewie growls a reserved greeting. Lando suddenly notices  
 the princess and smiles.

LANDO  
 Hello. What have we here? Welcome.  
 I'm Lando Calrissian. I'm the  
 administrator of this facility.  
 And who might you be?

LEIA  
 Leia.

LANDO  
 Welcome, Leia.

Lando bows before Leia and kisses her hand.

HAN  
 All right, all right, you old  
 smoothie.

Han takes Leia by the hand and steers her away from Lando.

THREEPIO  
 Hello, sir. I am See-Threepio,  
 human-cyborg relations. My  
 facilities are at your...

Before Threepio can finish his self-introduction, Lando has  
 turned to follow Han and Leia, who are walking toward the  
 city.

THREEPIO (CONT'D)  
 Well, really!

Lando, his aide, Lobot, and Han lead the way across the  
 bridge, followed by Threepio, Chewie and Leia.

LANDO  
 What's wrong with the Falcon?

HAN  
 Hyperdrive.

LANDO  
I'll get my people to work on it.

HAN  
Good.

Lando turns to Leia.

LANDO  
You know, that ship saved my life quite a few times. She's the fastest hunk of junk in the galaxy.

194 INT. CLOUD CITY - CORRIDOR

194

The group has crossed the narrow bridge and entered the city. They walk down the lovely Art Deco passageway, rounding several corners and passing many small plazas as they go. Threepio lags a bit behind.

HAN  
How's the gas mine? Is it paying off for you?

LANDO  
Oh, not as well as I'd like. We're a small outpost and not very self-sufficient. And I've had supply problems of every kind. I've had labor difficulties...  
(catches Han grinning at him)  
What's so funny?

HAN  
You. Listen to you - you sound like a businessman, a responsible leader. Who'd have thought that, huh?

Lando is reflective. He looks at Han a moment.

LANDO  
You know, seeing you sure brings back a few things.

HAN  
Yeah.

LANDO  
(shakes his head)  
Yeah. I'm responsible these days. It's the price you pay for being successful.

Han and Lando laugh together, and the group moves on through the corridor.

The lagging Threepio passes a Threepio-type silver droid who is coming out of a door.

THREEPIO

Oh! Nice to see a familiar face.

SECOND THREEPIO

(mumbles)

E chu ta!

THREEPIO

How rude!

Threepio stops, watching the silver droid move away. Then he hears the muffled beeping and whistling of an R2 unit coming from within the room.

195 INT. CLOUD CITY - ANTEROOM

195

Curious, Threepio enters the room.

THREEPIO

That sounds like an R2 unit in there. I wonder if...

Threepio walks through the doorway to the main room. He looks in.

THREEPIO (CONT'D)

Hello? How interesting. Oh, my.

MAN'S VOICE

(from within)

Who are you?

THREEPIO

Oh, I'm terribly sorry. I... I didn't mean to intrude. No, no, please don't get up. No!

A laser bolt to Threepio's chest sends him flying in twenty directions. Smoldering mechanical arms and legs bounce off the walls as the door whooshes closed behind him.

196 INT. CLOUD CITY - CORRIDOR

196

Lando, Han, and Leia continue down the corridor unaware of Threepio's dreadful accident. Chewbacca glances around, sniffs the air, but shrugs his shoulders and follows the group.

197 EXT. DAGOBAH - BOG - DUSK

197

In the bright lights of the fighter, Luke loads a heavy case into the belly of the ship. Artoo sits on top of the X-wing, settling down into his cubbyhole. Yoda stands nearby on a log.

YODA

Luke! You must complete the training.

LUKE

I can't keep the vision out of my head. They're my friends. I've got to help them.

YODA

You must not go!

LUKE

But Han and Leia will die if I don't.

BEN'S VOICE

You don't know that.

Luke looks toward the voice in amazement. Ben has materialized as a real, slightly shimmering image near Yoda. The power of his presence stops Luke.

BEN

Even Yoda cannot see their fate.

LUKE

But I can help them! I feel the Force!

BEN

But you cannot control it. This is a dangerous time for you, when you will be tempted by the dark side of the Force.

YODA

Yes, yes. To Obi-Wan you listen. The cave. Remember your failure at the cave!

LUKE

But I've learned so much since then. Master Yoda, I promise to return and finish what I've begun. You have my word.

BEN

It is you and your abilities the Emperor wants. that is why your friends are made to suffer.

LUKE

And that is why I have to go.

BEN

Luke, I don't want to lose you to the Emperor the way I lost Vader.

LUKE

You won't.

YODA

Stopped they must be. On this all depends. Only a fully trained Jedi Knight with the Force as his ally will conquer Vader and his Emperor. If you end your training now, if you choose the quick and easy path, as Vader did, you will become an agent of evil.

BEN

Patience.

LUKE

And sacrifice Han and Leia?

YODA

If you honor what they fight for ... yes!

Luke is in great anguish. He struggles with the dilemma, a battle raging in his mind.

BEN

If you choose to face Vader, you will do it alone. I cannot interfere.

LUKE

I understand.  
(he moves to his X-wing)  
Artoo, fire up the converters.

Artoo whistles a happy reply.

BEN

Luke, don't give in to hate - that leads to the dark side.

Luke nods and climbs into his ship.

YODA  
Strong is Vader. Mind what you  
have learned. Save you it can.

LUKE  
I will. And I'll return. I  
promise.

Artoo closes the cockpit. Ben and Yoda stand watching as  
the roar of the engines and the wind engulf them.

YODA  
(sighs)  
Told you, I did. Reckless is he.  
Now matters are worse.

BEN  
That boy is our last hope.

YODA  
(looks up)  
No. There is another.

198 EXT. SPACE - PLANET DAGOBAH 198

Luke's tiny X-wing rockets away from the green planet of  
Dagobah and off into space.

199 INT. CLOUD CITY - LIVING QUARTERS - DAY 199

Within the quarters assigned her on Cloud City, Leia paces  
in agitation. She has changed from her cold-weather pants  
and jacket to a lovely dress. Her hair is down, tied back  
with ribbons. She moves from a large, open window and turns  
to see Han entering through the doorway.

HAN  
The ship is almost finished. Two or  
Three more things and we're in  
great shape.

LEIA  
The sooner the better. Something's  
wrong here. No one has seen or  
knows anything about Threepio. He's  
been gone too long to have gotten  
lost.

Han takes Leia by the shoulders and gently kisses her  
forehead.

HAN

Relax. I'll talk to Lando and see what I can find out.

LEIA

I don't trust Lando.

HAN

Well, I don't trust him, either. But he is my friend. Besides, we'll soon be gone.

LEIA

And then you're as good as gone, aren't you?

Not speaking, Han considers her words and gazes at her troubled face.

200

INT. CLOUD CITY - JUNK ROOM

200

The room is piled high with broken and discarded machine parts. Four Ugnaughts, small hoglike creatures, separate the junk and throw some pieces onto a conveyer belt which moves briskly toward a pit of molten metal. Pieces of Threepio's golden body move down the belt. Chewie enters the room and spots an Ugnaught picking up and inspecting Threepio's head. The Wookiee barks a command, startling the Ugnaught, then reaches to grab the head. But the Ugnaught tosses it away from him to another Ugnaught. This game of keep-away goes on until Threepio's head falls from their grip and bounces with a clang onto the ground.

201

INT. CLOUD CITY - LIVING QUARTERS - DAY

201

The door zaps open. Chewbacca walks in, carrying a packing case of Threepio, arms and legs hanging over the edge.

LEIA

What happened?

Chewie sets the case on a table, grunting and groaning an explanation.

HAN

Where? Found him in a junk pile?

LEIA

Oh, what a mess. Chewie, do you think you can repair him?

The giant Wookiee studies the array of robot parts. He looks at the princess and shrugs sadly.

HAN

Lando's got people who can fix him.

LEIA

No, thanks.

There is a buzz and the door slides open, revealing Lando.

LANDO

I'm sorry. Am I interrupting anything?

LEIA

Not really.

LANDO

You look absolutely beautiful. You truly belong here with us among the clouds.

LEIA

(coolly)

Thank you.

LANDO

Will you join me for a little refreshment?

Han looks at Lando suspiciously, but Chewie barks at the mention of food and licks his lips.

LANDO (CONT'D)

Everyone's invited, of course.

Leia takes Lando's proffered arm, and the group turns to go. Lando spots Threepio's remains.

LANDO (CONT'D)

Having trouble with you droid?

Han and Leia exchange a quick glance.

HAN

No. No problem. Why?

Han and Leia move arm-in-arm through the door, followed by Lando and Chewie. The door slides closed behind them.

202

INT. CLOUD CITY - CORRIDOR - DAY

202

Leia walks between Han and Lando as Chewie follows a short distance behind. Long shafts of light pour across the corridor between tall, pure-white columns.

LANDO

So you see, since we're a small operation, we don't fall into the... uh... jurisdiction of the Empire.

LEIA

So you're part of the mining guild then?

LANDO

No, not actually. Our operation is small enough not to be noticed... which is advantageous for everybody since our customers are anxious to avoid attracting attention to themselves.

The group walks into another corridor and heads for a huge doorway at the far end.

HAN

Aren't you afraid the Empire's going to find out about this little operation and shut you down?

LANDO

That's always been a danger looming like a shadow over everything we've built here. But things have developed that will insure security. I've just made a deal that will keep the Empire out of here forever.

203 INT. CLOUD CITY - DINING ROOM

203

The mighty doors to the dining room slide open and the group enters the dining room. At the far end of a huge banquet table sits Darth Vader. Standing at his side and slightly behind him is Boba Fett, the bounty hunter.

Faster than the wink of an eye, Han draws his blaster and pops off a couple of shots directly at Vader. The Dark Lord quickly raises his hand, deflecting the bolts into one of the side walls, where they explode harmlessly. Just as quickly, Han's weapon zips into Vader's hand. The evil presence calmly places the gun on the table in front of him.

VADER

We would be honored if you would join us.

Han gives Lando a mean look.

LANDO

I had no choice. They arrived  
right before you did. I'm sorry.

HAN

I'm sorry, too.

204 EXT. LUKE'S X-WING - BESPIN SYSTEM 204

Luke's X-wing races through thick clouds toward Cloud City.

205 INT. LUKE'S X-WING - COCKPIT 205

Luke is grim-faced as he pilots his course toward Bespin's shining city. Artoo's beeps and whistles are transmitted onto the scope.

LUKE

(into comlink)

No, Threepio's with them.

Artoo whistles another worried inquiry.

LUKE

(into comlink)

Just hang on. We're almost there.

206 INT. CLOUD CITY - LARGE CELL 206

Chewbacca is in a Cloud City prison cell. The stark room is flooded with hot light. To add to Chewie's misery, a high-pitched whistle screeches loudly. Chewie is going mad. He hits the wall with giant fists as he paces back and forth across the cell floor. The upper lights go off abruptly. The prisoner rubs his eyes and moves to a wall, where he listens for a moment. Then, moaning to himself, he moves to a platform where the disassembled pieces of Threepio lie. He picks up the golden droid's head and meditates on it for a moment, barking a few philosophical remarks. Chewie sticks the robot's head on its torso and starts adjusting wires and circuits.

Suddenly, the lights in Threepio's eyes spark to life as Chewie touches two connectors together. Threepio immediately begins to speak, but his voice is so slow and so low as to be nearly unintelligible.

THREEPIO

Mmmm. Oh, my. Uh, I, uh - Take this off! I, uh, don't mean to intrude here. I, don't, no, no, no... Please don't get up. No!

Chewie looks at Threepio in bewilderment, then scratches his furry head. He gets an idea and adjusts some connections, whereupon Threepio immediately begins speaking normally.

THREEPIO (CONT'D)

Stormtroopers? Here? We're in danger. I must tell the others.  
Oh, no! I've been shot!

207 INT. CLOUD CITY - PRISON ENTRY AREA

207

Darth Vader strides through the room as two stormtroopers prepare an elaborate torture mechanism. Han is strapped to a rack which tilts forward onto the torture device. Vader activates the mechanism, creating two bursts of sparks, one of which strikes Han's face.

The door opens, and Vader leaves the torture room just as Han screams a sharp, piercing cry of agony. Darth Vader moves to the holding chamber, where Lando and Boba Fett await him.

208 INT. CLOUD CITY - HOLDING CHAMBER

208

LANDO

Lord Vader.

VADER

(to Fett)

You may take Captain Solo to Jabba the Hut after I have Skywalker.

Han's screams filter through the torture room door.

BOBA FETT

He's no good to me dead.

VADER

He will not be permanently damaged.

LANDO

Lord Vader, what about Leia and the Wookiee?

VADER

They must never again leave this city.

LANDO

That was never a condition of our agreement, nor was giving Han to this bounty hunter!

VADER

Perhaps you think you're being treated unfairly.

LANDO

No.

VADER

Good. It would be unfortunate if I had to leave a garrison here.

Vader turns and sweeps into the elevator with Boba Fett. Lando walks swiftly down another corridor, muttering to himself.

LANDO

This deal's getting worse all the time.

209

INT. CLOUD CITY - LARGE CELL

209

Chewie now has a little more of Threepio back together. One arm is connected, but the legs are yet to be attached. There is one small problem, however. It seems the Wookiee has managed to put the droid's head on backwards.

THREEPIO

Oh, yes, that's very good. I like that. Oh! Something's not right because now I can't see. Wait. Wait! Oh, my! what have you done? I'm backwards, you stupid furball. Only an overgrown mophead like you would be stupid enough...

Threepio is cut off in mid-sentence as Chewie angrily deactivates a circuit and the droid shuts down. The Wookiee smells something and sits up. The door to the chamber slides open and a ragged Han Solo is shoved into the room by two stormtroopers. Barking his concern, the huge Wookiee gives Han a big hug. Han is very pale, with dark circles under his eyes.

HAN

I feel terrible.

Chewie helps Han to a platform and then turns as the door slides open revealing Leia. She, too, looks a little worse for wear. The troopers push her into the cell, and the door slides closed. She moves to Han, who is lying on the platform, and kneels next to him, gently stroking his head.

LEIA

Why are they doing this?

HAN  
They never even asked me any  
questions.

The cell door slides open. Lando and two of his guards  
enter.

LEIA  
Lando.

HAN  
Get out of here, Lando!

LANDO  
Shut up and listen! Vader has  
agreed to turn Leia and Chewie over  
to me.

HAN  
Over to you?

LANDO  
They'll have to stay here, but at  
least they'll be safe.

LEIA  
What about Han?

LANDO  
Vader's giving him to the bounty  
hunter.

LEIA  
Vader wants us all dead.

LANDO  
He doesn't want you at all. He's  
after somebody called Skywalker.

HAN  
Luke?

LANDO  
Lord Vader has set a trap for him.

Leia's mind is racing.

LEIA  
And we're the bait.

LANDO  
Well, he's on his way.

Han's rage peaks.

HAN  
 Perfect. You fixed us all pretty  
 good, didn't you?  
 (spits it out)  
 My friend!

Han hauls off and punches Lando. The two friends are instantly engaged in a frantic close-quarters fight. The guards hit Han with their rifle butts and he flies across the room. Chewie growls and starts for the guards. They point their laser weapons at the giant Wookiee, but Lando stops them.

LANDO  
 Stop! I've done all I can. I'm  
 sorry I couldn't do better, but I  
 have my own problems.

HAN  
 Yeah, you're a real hero.

Lando and the guards leave. Han wipes the blood from his chin as Leia and Chewie help him up.

LEIA  
 (dabs at his wound)  
 You certainly have a way with  
 people.

210 INT. CLOUD CITY - CARBON-FREEZING CHAMBER

210

Four armor-suited stormtroopers stand at the ready in the large chamber, which is filled with pipes and chemical tanks. In the middle of the room is a round pit housing a hydraulic platform. Darth Vader and Lando stand near the platform.

VADER  
 This facility is crude, but it  
 should be adequate to freeze  
 Skywalker for his journey to the  
 Emperor.

An Imperial soldier appears.

IMPERIAL SOLDIER  
 Lord Vader, ship approaching. X-  
 wing class.

VADER  
 Good. Monitor Skywalker and allow  
 him to land.

The soldier bows and leaves the chamber.

LANDO

Lord Vader, we only use this facility for carbon freezing. If you put him in there, it might kill him.

VADER

I do not want the Emperor's prize damaged. We will test it... on Captain Solo.

Lando's face registers dismay.

211 EXT. SPACE - BESPIN SYSTEM - LUKE'S X-WING 211

Luke's X-wing moves through the clouds as it nears the city.

212 INT. LUKE'S X-WING - COCKPIT 212

Encountering no city guards, Luke scans the display panel with concern.

213 INT. CLOUD CITY - CARBON-FREEZING CHAMBER 213

There is a great activity on the carbon-freezing platform. Six Ugnaughts frantically prepare the chamber for use. A special coffinlike container is put in place. With Boba Fett in the lead, a squad of six stormtroopers brings in Han, Leia and Chewie. Strapped to Chewie's back, with only his head, torso, and one arm assembled, is Threepio. Threepio's head faces the opposite direction from Chewie's and the droid is constantly twisting around in a vain effort to see what is happening. His one attached arm is animate and expressive, intermittently pointing, gesturing, and covering his eyes. The remaining pieces of his body are randomly bundled to the Wookiee's back so that his legs and other arm stick out at odd angles from the pack.

THREEPIO

If only you had attached my legs, I wouldn't be in this ridiculous position. Now, remember, Chewbacca, you have a responsibility to me, so don't do anything foolish.

HAN

(to Lando)

What's going on... buddy?

LANDO

You're being put into carbon freeze.

Boba Fett moves away from the group to Darth Vader.

BOBA FETT

What if he doesn't survive? He's worth a lot to me.

VADER

The Empire will compensate you if he dies. Put him in!

Realizing what is about to happen, Chewie lets out a wild howl and attacks the stormtroopers surrounding Han. Within seconds, other Imperial reinforcements join the scuffle, clubbing the giant Wookiee with their laser weapons.

From the instant of Chewie's first move, Threepio begins to scream in panic while he tries to protect himself with his one arm.

THREEPIO

Oh, no! No, no, no! Stop, Chewbacca, stop...!

The stormtroopers are about to bash Chewie in the face.

HAN

Stop, Chewie, stop! Do you hear me? Stop!

THREEPIO

Yes, stop, please! I'm not ready to die.

Han breaks away from his captors. Vader nods to the guards to let him go and the pirate breaks up the fight.

HAN

Chewie! Chewie, this won't help me. Hey!

Han gives the Wookiee a stern look.

HAN (CONT'D)

Save your strength. There'll be another time. The princess - you have to take care of her. You hear me?

Han winks at the Wookiee, who wails a doleful farewell.

In a flash the guards have slipped binders on Chewbacca, who is too distraught to protest. Han turns to Princess Leia. They look sorrowfully at one another, then Han moves toward her and gives her a final, passionate kiss.

LEIA

I love you!

HAN

I know.

Tears roll down Leia's face as she watches the dashing pirate walk to the hydraulic platform. Han looks one final time at his friends - and then, suddenly, the platform drops. Chewie howls. Leia turns away in agony.

Lando winces in sorrow; it makes a life-changing impression on him.

Instantly, fiery liquid begins to pour down in a shower of sparks and fluid as great as any steel furnace. Holding Leia, Chewie half-turns away from the sight, giving Threepio a view of the procedure.

THREEPIO

What... what's going on? Turn round, Chewbacca, I can't see. Oh... they've encased him in carbonite. He should be quite well-protected - if he survives the freezing process, that is.

Chewie is in no mood for technical discussion; he gives the droid an angry glance and bark.

A huge mechanical tong lifts the steaming metal-encased space pirate out of the vat and stands him on the platform. Some Ugnaughts rush over and push the block over onto the platform. They slide the coffinlike structure to the block and lift the metal block, placing it inside. They then attach an electronic box onto the structure and step away. Lando kneels and adjusts some knobs, measuring the heat. He shakes his head in relief.

VADER

Well, Calrissian, did he survive?

LANDO

Yes, he's alive. And in perfect hibernation.

Vader turns to Boba Fett.

VADER

He's all yours bounty hunter. Reset the chamber for Skywalker.

IMPERIAL OFFICER

Skywalker has just landed, my lord.

VADER

Good. See to it that he finds his way here. Calrissian, take the princess and the Wookiee to my ship.

LANDO

You said they'd be left in the city under my supervision.

VADER

I am altering the deal. Pray I don't alter it any further.

Lando's hand instinctively goes to his throat as he turns to Leia, Chewie, and Threepio.

214 INT. CLOUD CITY - CORRIDOR - DAY

214

As Luke and Artoo move carefully down a deserted corridor, they hear a group of people coming down a side hallway. Artoo lets out an excited series of beeps and whistles. Luke glares at the tiny droid, who stops in his tracks with a feeble squeak.

Boba Fett enters from a side hallway followed by two guards pushing the floating, encased body of Han Solo. Two stormtroopers, who follow, immediately spot Luke and open fire on him. The youth draws his weapon and blasts the two troopers before they can get off a second shot. The two guards whisk Han into another hallway as Fett lowers his arm and fires a deadly laser at Luke, which explodes to one side and tears up a huge chunk of wall.

Luke rushes to a side hallway, but by the time he reaches it, Fett, Han, and the guards are gone. A thick metal door blocks the passage. Luke turns to see Leia, Chewie, Threepio, and Lando being herded down a second hallway by several other stormtroopers. Leia turns just in time to see Luke.

LEIA

Luke! Luke, don't - it's a trap!  
It's a trap!

Before she can finish, she is pulled through a doorway and disappears from sight. Luke races after the group, leaving little Artoo trailing behind.

215 INT. CLOUD CITY - ANTEROOM

215

Luke runs into an anteroom and stops to get his bearings. Leia and the others are nowhere to be seen.

Behind Luke, Artoo scoots down the corridor toward the anteroom when suddenly a giant metal door comes slamming down, cutting off Luke's exit. Several more doors clang shut, echoing through the chamber.

216 INT. CLOUD CITY - HALLWAY LEADING TO ANTEROOM 216

Artoo stands with his nose pressed against the giant metal door. He whistles a long sigh of relief and, a little dazed, wanders off in the other direction.

217 INT. CLOUD CITY - CARBON-FREEZING CHAMBER - ANTEROOM 217

Luke cautiously walks forward among hissing pipes and steam. Seeing an opening above him, he stops to look up. As he does, the platform he stands on begins to move.

218 INT. CLOUD CITY - CARBON-FREEZING CHAMBER 218

Luke rises into the chamber, borne by the platform. The room is deathly quiet. Very little steam escapes the pipes and no one else seems to be in the large room. Warily, Luke walks toward the stairway.

Steam begins to build up in the chamber. Looking up through the steam, Luke sees a dark figure standing on a walkway above him. Luke holsters his gun and moves up the stairs to face Vader. He feels confident, eager to engage his enemy.

VADER

The Force is with you, young Skywalker. But you are not a Jedi yet.

Luke ignites his sword in answer. In an instant, Vader's own sword is lit. Luke lunges, but Vader repels the blow. Again Luke attacks, and the swords of the two combatants clash in battle.

219 INT. CLOUD CITY - CORRIDOR 219

Leia, Lando, and Chewie, with Threepio on his back, march along, guarded by six stormtroopers. The group reaches an intersection where Lobot and a dozen of Lando's guards stand at attention.

The guards immediately aim their weapons at the startled stormtroopers. Taking the stormtroopers' weapons from them, Lobot hands one to Leia and one to Lando.

LANDO

Well done. Hold them in the security tower - and keep it quiet. Move.

As Lando's guards quickly march the stormtroopers away, Lando begins to undo Chewie's binding.

LEIA  
What do you think you're doing?

LANDO  
We're getting out of here.

THREEPIO  
I knew all along it had to be a mistake.

Chewie turns on Lando and starts to choke him.

LEIA  
Do you think that after what you did to Han we're going to trust you?

Lando tries to free himself from Chewie.

LANDO  
(choking)  
I had no choice...

Chewie barks ferociously.

THREEPIO  
(to Chewie)  
What are you doing? Trust him, trust him!

LEIA  
Oh, so we understand, don't we, Chewie? He had no choice.

LANDO  
I'm just trying to help...

LEIA  
We don't need any of your help.

LANDO  
(choking)  
H-a-a-a...

LEIA  
What?

THREEPIO  
It sounds like Han.

LANDO  
 There's still a chance to save  
 Han... I mean, at the East  
 Platform...

LEIA  
 Chewie.

Chewie finally releases Lando, who fights to get his breath  
 back.

THREEPIO  
 (to Lando)  
 I'm terribly sorry about all this.  
 After all, he's only a Wookiee.

220 EXT. CLOUD CITY - EAST LANDING PLATFORM - BOBA FETT'S SHIP

The two guards slide Han's encased body into an opening in  
 the side of the bounty hunter's ship. Boba Fett climb  
 aboard on a ladder next to the cargo hold.

BOBA FETT  
 Put Captain Solo in the cargo hold.

And with that, the door slams shut.

221 INT. CLOUD CITY - CORRIDOR 221

Lando, Leia, and Chewie run down a Cloud City corridor when  
 suddenly they spot Artoo who rushes toward them, beeping  
 wildly.

THREEPIO  
 Artoo! Artoo! Where have you  
 been?

Chewie turns around to see the stubby droid, causing  
 Threepio to be spun out of sight of his friend.

THREEPIO  
 Turn around, you wooly...!  
 (to Artoo)  
 Hurry, hurry! We're trying to save  
 Han from the bounty hunter!

Whistling frantically to Threepio, Artoo scoots along with  
 the racing group.

THREEPIO  
 Well, at least your still in one  
 piece! Look what happened to me!

222 EXT. EAST LANDING PLATFORM - SIDE BAY

222

An elevator door slides open and Lando, Leia, and Chewbacca race for a large bay overlooking the East Landing Platform.

Just as they arrive, Boba Fett's ship takes off against a cloudy sunset sky.

In wild anguish, Chewie howls and starts firing at the ship.

THREEPIO

Oh, no! Chewie, they're behind  
you!

A laser bolt explodes near the princess. Everyone turns to see what Threepio has already spotted coming from the other direction; a squad of stormtroopers running toward them. Artoo peeks out from the elevator.

Leia and Chewbacca start firing at the troopers as Lando makes a break for the elevator. Laser bolts continue to explode around the princess and the Wookiee, but they refuse to budge. Lando sticks his head out of the elevator and motions for the pair to run, but they barely notice. They seem possessed, transported, as all the frustration of captivity and anger of loss pour through their death-dealing weapons.

But after a few moments, they begin to move through the rain of laser fire toward the elevator. Once they are inside, the door slams shut and the stormtroopers race forward.

223 INT. CLOUD CITY - CARBON-FREEZING CHAMBER

223

Luke and Vader are locked in combat on the platform overlooking the chamber. Their swords clash, the platform sways. Luke aggressively drives Vader back, forcing Vader to use defensive tactics.

VADER

You have learned much, young one.

LUKE

You'll find I'm full of surprises.

Vader makes two quick moves, hooking Luke's sword out of his hand and sending it flying. Another lightning move at Luke's feet forces the youth to jump back to protect himself. Losing his balance, Luke rolls down the stairs to the circular carbon-freezing platform. There he sprawls on the floor, surprised and shaken. Just in time he looks up to see Vader, like a giant black bird, flying right at him. Luke rolls away as Vader lands. Crouching, Luke keeps his gaze steadily on his enemy.

VADER

Your destiny lies with me,  
Skywalker. Obi-Wan knew this to be  
true.

LUKE

No!

Behind Luke the hydraulic elevator cover has opened noiselessly. All the while, Luke slowly, cautiously moves back, away from the Dark Lord.

Suddenly, Vader attacks so forcefully that Luke loses his balance and falls back into the opening. There is a rumble, and in an instant freezing steam rises to obscure Vader's vision. Vader turns aside and deactivates his sword.

VADER

All too easy. Perhaps you are not  
as strong as the Emperor thought.

Through the steam behind Vader something blurs upward. Liquid metal begins to pour into the pit.

Vader turns around - and then looks up. He sees Luke, who has leaped fifteen feet straight up and who now hangs from some hoses on the carbonite outlet.

VADER (CONT'D)

Impressive... most impressive.

Luke jumps down to the platform where he is separated from Vader by the steaming carbonite pit. He raises his hand. His sword, which had fallen on another part of the platform, swiftly jumps into his outstretched hand and is instantly ignited. Vader immediately lights his sword as well.

VADER (CONT'D)

Obi-Wan has taught you well. You  
have controlled your fear... now  
release your anger.

Luke is more cautious, controlling his anger. He begins to retreat as Vader goads him on. As Luke takes a defensive position, he realizes he has been foolhardy. A quick sword exchange and Luke forces Vader back. Another exchange and Vader retreats. Luke presses forward.

VADER (CONT'D)

Only your hatred can destroy me.

Breathing hard, Luke jumps in the air, turning a somersault over Vader. He lands on the floor and slashes at Vader as the room continues to fill up with steam.

Vader retreats before Luke's skillful sword. Vader blocks the sword, but loses his balance and falls into the outer rim of pipes. The energy Luke has used to stop Vader has brought him to the point of collapse. Luke moves to the edge and looks down, but sees no sign of Vader. He then deactivates his sword, hooks it on his belt, and lowers himself into the pit.

224 INT. CLOUD CITY - TUNNEL AND REACTOR CONTROL ROOM 224

Moving through a tunnel-like entrance, Luke cautiously approaches the reactor room. He ignites his sword and moves into the room and toward a large window as Vader enters.

Luke raises his sword and moves forward to attack.

Behind Luke a large piece of machinery detaches itself from the wall and comes smashing forward toward his back. Luke turns and cuts it in half just as another machine comes hurtling at him. Using the Force, Luke manages to deflect it and send it flying as if it had hit an invisible shield.

A large pipe detaches and comes flying at Luke. He deflects it. Sparking wires pull out of the wall and begin to whip at the youth. Small tools and equipment come flying at him. Bombardment from all sides, Luke does his best to deflect everything, but soon he is bloodied and bruised. Finally, one machine glances off his and goes flying out the large window. A fierce wind blows into the room, unmoving, stands the dark, rocklike figure of Vader.

A piece of machinery hits Luke and he is knocked out of the window.

225 INT. GANTRY - OUTSIDE CONTROL ROOM - REACTOR SHAFT 225

Luke falls onto the gantry, rolls, and hangs over the edge, holding his deactivated sword in hand. He puts the sword on his belt and begins to scramble up.

226 INT. CLOUD CITY - CORRIDOR LEADING TO LANDING PLATFORM 226

Leia, Lando, Chewie and the droids come round a corner and head for the door to the landing platform. They glimpse the Millennium Falcon for a moment before the door slams shut. The group ducks into an alcove as stormtroopers arrive at the end of the corridor. The troopers send a rain of laser bolts at the group. Chewie returns their fire as Lando punches desperately at the door's control panel.

LANDO

The security codes has been  
changed!

## THREEPIO

Artoo, you can tell the computer to  
override the security system.

Threepio points to a computer socket on the control panel. Artoo beeps and scoots toward it. Lando meanwhile has connected up to the panel's intercom.

## LANDO

Attention! This is Lando  
Calrissian. The Empire has taken  
control of the city. I advise  
everyone to leave before more  
Imperial troops arrive.

Artoo takes off a computer cover and sticks his computer arm into the socket. Suddenly, a short beep turns into a wild scream. Artoo's circuits light up, his head spins wildly, and smoke begins to seep out underneath him. Quickly, Chewie pulls him away.

## LANDO (CONT'D)

This way.

Lando, Leia, Artoo, and Chewie flee down the corridor. As he scoots along with them, Artoo sends some angry beeps Threepio's way.

## THREEPIO

Don't blame me. I'm an  
interpreter. I'm not supposed to  
know a power socket from a computer  
terminal.

227 INT. CLOUD CITY - CORRIDOR

227

In a panic, Cloud City residents are trying to get out of the city. Some carry boxes, others packages. They run, then change direction. Some are shooting at stormtroopers, others simply try to hide.

Other stormtroopers pursue Lando, Leia, and Chewie who are firing back at them. Artoo works on another door to the landing platform while Threepio berates him for his seeming ineptitude.

## THREEPIO

What are you talking about? We're  
not interested in the hyperdrive on  
the Millennium Falcon. It's fixed!  
Just open the door, you stupid  
lump.

Chewie, Leia, and Lando retreat along the corridor. A triumphant beep from Artoo - and the door snaps open.

THREEPIO (CONT'D)

(to Artoo)

I never doubted you for a second.  
Wonderful!

Artoo lays a cloud fog, obscuring everything, as the group dashes outside.

228 EXT. LANDING PLATFORM - CLOUD CITY - DUSK 228

They race for the Millennium Falcon as a battalion of stormtroopers reaches the main door. Lando and Leia hold off the troops as the droids get on board with Chewie. As Chewie bounds to the ship the Threepio on his back, Threepio hits his head on the top of the ramp.

THREEPIO

Ouch! Oh! Ah! That hurt. Bend  
down, you thoughtless... Ow!

Chewie starts up the ship. The giant engines begin to whine as Lando and Leia race up the ramp under a hail of laser fire.

LANDO

Leia! Go!

229 INT. MILLENNIUM FALCON - CORRIDOR 229

Artoo drags the partially assembled Threepio down the corridor of the Falcon.

THREEPIO

I thought that hairy beast would be  
the end of me. Of course, I've  
looked better.

Artoo beeps understandingly.

230 INT. MILLENNIUM FALCON - COCKPIT 230

Chewie works the controls as Leia sits in Han's seat and Lando watches over their shoulders. As Chewie pulls back on the throttle, the ship begins to move.

231 EXT. CLOUD CITY - LANDING PLATFORM - DUSK 231

The Millennium Falcon lifts gracefully into the twilight sky and roars away from the city. Troops fire after it and TIE fighters take off in pursuit.

232

INT. GANTRY - OUTSIDE CONTROL ROOM - REACTOR SHAFT

232

Luke moves along the railing and up to the control room.

Vader lunges at him and Luke immediately raises his lit sword to meet Vader's. Sparks fly as they duel, Vader gradually forcing Luke backward toward the gantry.

VADER

You are beaten. It is useless to resist. Don't let yourself be destroyed as Obi-Wan did.

Luke answers by rolling sideways and thrusting his sword at Vader so viciously that he nicks Vader on the shoulder. The black armor sparks and smokes and Vader seems to be hurt, but immediately recovers.

Luke backs off along the narrow end of the gantry as Vader comes at him, slashing at the young Jedi with his sword. Luke makes a quick move around the instrument complex attached to the end of the gantry. Vader's sword comes slashing down, cutting the complex loose; it begins to fall, then is caught by the rising wind and blown upward.

Luke glances at the instrument complex floating away. At that instant, Vader's sword comes down across Luke's right forearm, cutting off his hand and sending his sword flying. In great pain, Luke squeezes his forearm under his left armpit and moves back along the gantry to its extreme end. Vader follows. The wind subsides. Luke holds on. There is nowhere else to go.

VADER (CONT'D)

There is no escape. Don't make me destroy you. You do not yet realize your importance. You have only begun to discover your power. Join me and I will complete your training. With our combined strength, we can end this destructive conflict and bring order to the galaxy.

LUKE

I'll never join you!

VADER

If you only knew the power of the dark side. Obi-Wan never told you what happened to your father.

LUKE

He told me enough! It was you who killed him.

VADER

No. I am your father.

Shocked, Luke looks at Vader in utter disbelief.

LUKE

No. No. That's not true! That's impossible!

VADER

Search your feelings. You know it to be true.

LUKE

No! No! No!

VADER

Luke. You can destroy the Emperor. He has foreseen this. It is your destiny. Join me, and together we can rule the galaxy as father and son. Come with me. It is the only way.

Vader puts away his sword and holds his hand out to Luke.

A calm comes over Luke, and he makes a decision. In the next instant he steps off the gantry platform into space. The Dark Lord looks over the platform and sees Luke falling far below. The wind begins to blow at Vader's cape and the torrent finally forces him back, away from the edge. The wind soon fades and the wounded Jedi begins to drop fast, unable to grab onto anything to break his fall.

233 INT. REACTOR SHAFT

233

Suddenly Luke is sucked into an exhaust pipe in the side of the shaft. When Vader sees this, he turns and hurries off the platform.

234 INT. EXHAUST PIPE

234

Luke tumbles through the exhaust pipe.

He slides to the end of the slickly polished pipe and stops as his feet hit a circular grill and knock it open. Luke claws at the surface of the pipe, trying to keep from sliding out into space.

235 EXT. BOTTOM OF CLOUD CITY - WEATHER VANE - DUSK 235

Unable to hang onto the pipe, Luke tumbles out, emerging at the undermost part of Cloud City. Reaching out desperately, he manages to grab onto an electronic weather vane.

LUKE

Ben... Ben, please!

Luke tries to pull himself up on the weather vane but slips back down. He hooks one of his legs around the fragile instruments. All the while, a powerful current of air rushes out at him from the exhaust pipe.

LUKE (CONT'D)

Ben. Leia!

There is an ominous cracking sound from the base of the weather vane and a piece breaks off, falling into the clouds far below.

LUKE (CONT'D)

Hear me! Leia!

236 INT. MILLENNIUM FALCON - COCKPIT 236

Leia seems to be lost in a fog, her expression troubled. Chewie is busy operating the ship. Lando stands next to the Wookiee, watching a readout on the control panel.

LEIA

Luke... We've got to go back.

Chewie growls in surprise.

LANDO

What?

LEIA

I know where Luke is.

LANDO

But what about those fighter?

Chewie barks in agreement with Lando.

LEIA

Chewie, just do it.

LANDO

But what about Vader?

Chewie turns on Lando, the newcomer, with an ominous growl.

LANDO (CONT'D)

All right, all right, all right.

237 EXT. CLOUD CITY - MILLENNIUM FALCON - DUSK 237

The Falcon makes a graceful banking turn back toward Cloud City.

238 EXT. CLOUD CITY - LANDING PLATFORM 238

Vader enters the landing platform and watches as the speck that is the Falcon disappears. The wind blows at his cape.

He turns to two aides who are standing near the entrance to the landing platform.

VADER

Bring my shuttle.

239 EXT. BOTTOM OF CLOUD CITY - WEATHER VANE 239

Nearly unconscious, Luke hangs upside-down on the weather vane as his body shifts in the wind.

240 EXT. MILLENNIUM FALCON - BOTTOM OF CLOUD CITY 240

The Falcon dives to the underside of the floating city. Three TIE fighter close in on the starship.

241 INT. MILLENNIUM FALCON 241

Leia tries to remain calm.

LANDO

(pointing out the cockpit window)

Look, someone's up there.

LEIA

It's Luke. Chewie, slow down. Slow down and we'll get under him. Lando, open the top hatch.

Lando rushes out of the cockpit.

242 EXT. BOTTOM OF CLOUD CITY - WEATHER VANE 242

Luke hangs by one arm from the crossbar of the weather vane. He slips from the bar and grabs onto the pole of the vane as the Falcon banks toward him. The Falcon positions itself under Luke as Lando moves up through the opening of the hatch. Luke begins to slide and finally falls from the vane into space.

243 INT. MILLENNIUM FALCON - COCKPIT 243

Out the cockpit window, Leia sees Luke falling from the bottom of the city. The ship gains on him.

LEIA  
Okay. Easy, Chewie.

The Falcon closes in on Luke.

244 EXT. BOTTOM OF CLOUD CITY 244

Three TIE fighters race toward the Falcon, firing away.

245 INT. MILLENNIUM FALCON - HATCH 245

The hatch pops open with a hiss of pressure. Lando reaches out to help the battered warrior inside the ship.

246 INT. MILLENNIUM FALCON - COCKPIT 246

Flak bursts all around it as the Falcon banks away from the city. Leia and Chewie struggle with the controls.

LEIA  
(into intercom)  
Lando?

LANDO  
(over intercom)  
Okay, let's go.

247 EXT. BOTTOM OF CLOUD CITY 247

The Falcon races away. It is closely followed by three TIE fighters, all of which keep up a heavy laser assault on the fleeing starship.

248 INT. MILLENNIUM FALCON - COCKPIT 248

Explosions erupt all around the cockpit, buffeting the ship wildly. Chewie howls as he frantically tries to control the ship.

Leia and Chewie turns to see Luke, bloody and battered, enter the cockpit supported by Lando. Leia jumps up and hugs him while Chewie barks in joyous relief.

LUKE  
Oh, Leia.

LANDO  
All right, Chewie. Let's go.

Leia helps Luke from the cockpit as another huge blast rocks the ship.

249 EXT. SPACE - CLOUD CITY - DAY 249

The Falcon, still followed by the three TIE fighters, races away from the cloud-covered city.

250 INT. MILLENNIUM FALCON - SLEEPING QUARTERS 250

Luke rests on a cot, his injured arm wrapped in a protective cuff. Leia gently wipes his face. The ship lurches again.

LEIA  
I'll be back.

She kisses him, then leaves the quarters.

251 INT. MILLENNIUM FALCON - COCKPIT 251

All over the ship muted alarm buzzers sound. Lando anxiously watches the flashing lights on the control panel and hurriedly adjusts some switches. Seated next to him, Chewie points out a new blip appearing on the panel. Leia, watching over their shoulders, recognizes the shape.

LEIA  
Star Destroyer.

LANDO  
All right, Chewie. Ready for light-speed.

LEIA  
If your people fixed the hyperdrive.

Another explosion rocks the ship. Leia notices as a green light on the panel next to her flashes on.

LEIA (CONT'D)  
All the coordinates are set. It's now or never.

Chewie barks in agreement.

LANDO  
Punch it!

The Wookiee shrugs and pulls back on the light-speed throttle. The sound of the ion engine changes...it is winding up. Faces are tense, expectant. But nothing happens, and the engine goes off. Chewie lets out a frustrated howl. The flak still violently rocks the ship.

LANDO (CONT'D)

They told me they fixed it. I trusted them to fix it. It's not my fault!

Chewie gets up from his chair and starts out of the cockpit. He gives Lando an angry shove as he storms past him.

252 EXT. SPACE 252

In the distance the TIE fighters continue their chase, still shooting lasers. Vader's Star Destroyer moves behind them, determinedly following the Falcon.

253 INT. VADER'S STAR DESTROYER - BRIDGE 253

Vader stands on the bridge looking out the window as Admiral Piett approaches him.

PIETT

They'll be in range of our tractor beam in moments, my lord.

VADER

Did your men deactivate the hyperdrive on the Millennium Falcon?

PIETT

Yes, my lord.

VADER

Good. Prepare the boarding party and set your weapons for stun.

PIETT

Yes, my lord.

254 INT. MILLENNIUM FALCON 254

Beeping while he works, Artoo is busy connecting some wires to Threepio who now has one leg attached.

Chewie enters through the doorway, grunting to himself.

THREEPIO

Noisy brute. Why don't we just go into light-speed?

Artoo beeps in response.

THREEPIO (CONT'D)

We can't? How would you know the hyperdrive is deactivated?

Artoo whistles knowingly.

THREEPIO (CONT'D)

The city's central computer told you? Artoo-Detoo, you know better than to trust a strange computer. Ouch! Pay attention to what you're doing!

Chewie is in the pit. He is trying to loosen something with an enormous wrench. Frustrated, he uses the wrench like a club and hits the panel...

255 INT. MILLENNIUM FALCON - COCKPIT 255

Leia and Lando, seated in front of the control panel, are suddenly sprayed by a shower of sparks.

256 INT. VADER'S STAR DESTROYER - BRIDGE 256

Vader stands on the bridge, watching as the Millennium Falcon is chased by the TIE fighters. As his Destroyer draws nearer, Vader's breathing gets slightly faster.

VADER

Luke.

257 INT. MILLENNIUM FALCON - SLEEPING QUARTERS 257

Luke realizes that Vader's ship is very near. He feels resigned to his fate. He senses that he is beaten, more emotionally than physically.

LUKE

Father.

258 INT. VADER'S STAR DESTROYER - BRIDGE 258

VADER

Son, come with me.

259 INT. MILLENNIUM FALCON - SLEEPING QUARTERS 259

LUKE

(moaning)

Ben, why didn't you tell me?

260 INT. MILLENNIUM FALCON - COCKPIT 260

Lando and Leia are at the controls of the Falcon. Meanwhile, in the ship's hold, Chewie continues to work frantically on the hyperdrive mechanism.

LANDO  
 (into intercom)  
 Chewie!

261 EXT. SPACE 261

The Falcon races through space followed very closely by the TIE fighters and the huge Imperial Star Destroyer.

262 INT. MILLENNIUM FALCON - COCKPIT 262

Luke enters the cockpit and looks out the window. He is almost unconscious with pain and depression.

LUKE  
 It's Vader.

263 INT. VADER'S STAR DESTROYER - BRIDGE 263

VADER  
 Luke... it is your destiny.

264 INT. MILLENNIUM FALCON - COCKPIT 264

LUKE  
 Ben, why didn't you tell me?

265 INT. VADER'S STAR DESTROYER - BRIDGE 265

PIETT  
 Alert all commands. Ready for the tractor beam.

266 INT. MILLENNIUM FALCON - HOLD 266

Artoo races to a control panel and starts working on a circuit board. Furious, Threepio stands on one leg, yelling.

THREEPIO  
 Artoo, come back at once! You haven't finished with me yet! You don't know how to fix the hyperdrive. Chewbacca can do it. I'm standing here in pieces, and you're having delusions of grandeur!

Artoo moves a circuit on a control panel. Suddenly, the control panel lights up.

267 INT. MILLENNIUM FALCON - COCKPIT 267

Leia and Lando are thrown into their seats as the Millennium Falcon unexpectedly shoot into hyperspace.

268 INT. MILLENNIUM FALCON - HOLD 268

The ship tilts up and Artoo topples into the pit on top of Chewie.

THREEPIO  
Oh, you did it!

269 EXT. SPACE 269

The Falcon soars into infinity and away from the huge Star Destroyer which seems, by contrast, to stand still.

270 INT. VADER'S STAR DESTROYER - BRIDGE 270

Admiral Piett and another captain glance at Vader in terror. Vader turns slowly and walks off the bridge, his hands held behind his back in a contemplative gesture.

271 EXT. SPACE - REBEL CRUISER 271

The Millennium Falcon is attached to a huge Rebel cruiser by a docking tube. Rebel fighters move about the giant cruiser, and a Rebel transport ship hovers near the fleet.

272 INT. MILLENNIUM FALCON - COCKPIT 272

Lando sits in the pilot's seat as he talks into the comlink. Chewie busily throws a variety of switches in preparation for takeoff.

LANDO  
(into comlink)  
Luke, we're ready for takeoff.

LUKE  
(over comlink)  
Good luck, Lando

LANDO  
(into comlink)  
When we find Jabba the Hut and that bounty hunter, we'll contact you.

273 INT. STAR CRUISER - MEDICAL CENTER 273

Luke speaking into the comlink as a medical droid works on his hand. Leia stands near him while Threepio and Artoo look out the window.

LUKE  
(into comlink)  
I'll meet you at the rendezvous point on Tatooine.

274 INT. MILLENNIUM FALCON - COCKPIT 274

LANDO  
 (into comlink)  
 Princess, we'll find Han. I  
 promise.

275 INT. STAR CRUISER - MEDICAL CENTER 275

LUKE  
 (into comlink)  
 Chewie, I'll be waiting for your  
 signal.

Chewie's wail comes over the comlink.

LUKE (CONT'D)  
 (into comlink)  
 Take care, you two. May the Force  
 be with you.

Luke looks down at his hand. A metalized type of bandage has been wrapped around his wrist. The medical droid makes some adjustments in a tiny electronic unit, then pricks each one of Luke's fingers.

LUKE (CONT'D)  
 Ow!

Luke wiggles his fingers, makes a fist, and relaxes it. His hand is completely functional.

He gets up and walks over to Leia. There is a new bond between them, a new understanding. Leia is thinking about Han; Luke is thinking about his uncertain and newly complicated future. Together they stand at the large window of the medical center looking out on the Rebel Star Cruiser and a dense, luminous galaxy swirling in space.

Luke puts his arm around Leia. The droids stand next to them, and Threepio moves closer to Artoo putting his arm on him. The group watches as the Millennium Falcon moves into view, makes a turn, and zooms away into space.

276 EXT. SPACE - REBEL STAR CRUISER 276

While Luke, Leia, and the droids stand, looking out the window of the star cruiser, two escort fighters join the large ship. Slowly, the cruiser turns and moves away into space.
